Data in many forms

Statistics Canada disseminates data in a variety of forms. In addition to publications, both standard and special tabulations are offered. Data are available on the Internet, compact disc, diskette, computer printouts, microfiche and microfilm, and magnetic tape. Maps and other geographic reference materials are available for some types of data. Direct online access to aggregated information is possible through CANSIM, Statistics Canada's machine-readable database and retrieval system.

How to obtain more information

Inquiries about this publication and related statistics or services should be directed to: Analysis and Dissemination Section, Labour Division, Statistics Canada, Ottawa, Ontario, K1A 0T6 (telephone: (613) 951-4090) or to the Statistics Canada Regional Reference Centre in:

Ordering/Subscription information

All prices exclude sales tax

Catalogue no. 72-002-XPB, is published monthly in a paper version for \$32.00 per issue or \$320.00 for twelve issues in Canada. Outside Canada the cost is US\$32.00 per issue and US\$32.00 for twelve issues.

Please send orders to Statistics Canada, Operations and Integration Division, Circulation Management, 120 Parkdale Avenue, Ottawa, Ontario, K1A 0T6 or by dialling (613) 951-7277 or 1 800 700-1033, by fax (613) 951-1584 or 1 800 889-9734 or by Internet: order@statcan.ca. For change of address, please provide both old and new addresses. Statistics Canada publications may also be purchased from authorized agents, bookstores and local Statistics Canada offices.

Standards of service to the public

Statistics Canada is committed to serving its clients in a prompt, reliable and courteous manner and in the official language of their choice. To this end, the agency has developed standards of service which its employees observe in serving its clients. To obtain a copy of these service standards, please contact your nearest Statistics Canada Regional Reference Centre.

Des données sous plusieurs formes

Statistique Canada diffuse les données sous formes diverses. Outre les publications, des totalisations habituelles et spéciales sont offertes. Les données sont disponibles sur Internet, disque compact, disquette, imprimé d'ordinateur, microfiche et microfilm, et bande magnétique. Des cartes et d'autres documents de référence géographiques sont disponibles pour certaines sortes de données. L'accès direct à des données agrégées est possible par le truchement de CANSIM, la base de données ordinolingue et le système d'extraction de Statistique Canada.

Comment obtenir d'autres renseignements

Toute demande de renseignements au sujet de la présente publication ou au sujet de statistiques ou de services connexes doit être adressée à : Section de l'analyse et de la diffusion, Division du travail, Statistique Canada, Ottawa, Ontario, K1A 0T6 (téléphone : (613) 951-4090) ou à l'un des centres de consultation régionaux de Statistique Canada :

Le produit n° 72-002-XPB au catalogue, est publié mensuellement sur version papier au coût de 32 \$ le numéro ou 320 \$ pour 12 numéros au Canada. À l'extérieur du Canada, le coût est de 32 \$ US le numéro ou 320 \$ US pour 12 numéros.

Faites parvenir votre commande à Statistique Canada, Division des opérations et de l'intégration, Gestion de la circulation, 120, avenue Parkdale, Ottawa (Ontario), K1A 0T6 ou commandez par téléphone au (613) 951-7277 ou au 1 800 700-1033, par télécopieur au (613) 951-1584 ou au 1 800 889-9734 ou par Internet : order@statcan.ca. Pour tout changement d'adresse, veuillez fournir votre ancienne et votre nouvelle adresse. Vous pouvez aussi vous procurer les publications de Statistique Canada auprès des agents autorisés, des librairies locales et des bureaux locaux de Statistique Canada.

Normes de service à la clientèle

Statistique Canada s'engage à fournir à ses clients des services rapides, fiables et courtois et dans la langue officielle de leur choix. À cet égard, notre organisme s'est doté de normes de service à la clientèle qui doivent être observées par les employés lorsqu'ils offrent des services à la clientèle. Pour obtenir une copie de ces normes de service, veuillez communiquer avec le centre de consultation régional de Statistique Canada le plus près de chez vous.

HISTORICAL ANNUAL AVERAGE EMPLOYMENT, EARNINGS AND HOURS DATA YOU MUST HAVE!

Available from the Survey of Employment, Payrolls and Hours - "Annual Estimates of Employment, Earnings and Hours 1984-1996" a reference product with over 225 pages of tables and graphs specifically designed to meet your needs. This handy reference tool is packed with 13 years of

detailed annual average data to help you forecast, plan and evaluate accurately.

This indispensable reference source is presented in two easy-to-load, **user friendly electronic formats** that make accessing the data you need easier than ever before. With Adobe Acrobat software, you can easily view or print your own paper copy, while the ASCII file format lets you import the data to your preferred spreadsheet.

"Annual Estimates of Employment, Earnings and Hours 1984-1996" includes:

- total number of employees including estimates of those paid by the hour
- average weekly and hourly earnings
- average weekly hours
- payrolls data
- data at national, provincial and territorial levels
- data for over 200 industry groups based on the 1980 SIC
- the "Help-Wanted Index, 1981-1996" supplement. This is the only indicator of labour demand regularly compiled by Statistics Canada.

"Annual Estimates of Employment, Earnings and Hours 1984-1996" is the reference product for your organization. *Order today!*

RECUEIL HISTORIQUE DE MOYENNES ANNUELLES SUR L'EMPLOI, LES GAINS ET LES HEURES. UN OUTIL DE TRAVAIL INDISPENSABLE!

"Estimations annuelles de l'emploi, des gains et de la durée du travail, 1984-1996", est un outil de référence comprenant plus de 225 pages de tableaux et graphiques spécifiquement adaptés pour répondre à vos besoins. Ce recueil de référence très utile contient 13 années de moyennes annuelles qui vous aideront à prévoir, à planifier et à évaluer avec précision.

Cette publication est un outil de travail important. Elle est présentée dans deux formats faciles à télécharger et à utiliser rendant l'accès aux données plus facile que jamais. À l'aide du logiciel Adobe Acrobat, vous pouvez facilement visualiser ou imprimer votre propre publication. Les fichiers ASCII vous permettent d'importer les données dans un chiffrier de votre choix.

"Estimations annuelles de l'emploi, des gains et de la durée du travail, 1984 - 1996" inclus:

- ♦ le nombre total de salariés comprenant les estimations de ceux rémunérés à l'heure
- la rémunération hebdomadaire et horaire moyenne
- les heures hebdomadaires movennes
- la rémunération brute
- données disponibles aux niveaux national, provincial et territorial
- données pour plus de 200 groupes d'activités basés sur la CTI 1980
- supplément de "L'indice de l'offre d'emploi, 1981 1996" C'est le seul indicateur de la demande de main d'oeuvre produit de façon régulière par Statistique Canada.

"Estimations annuelles de l'emploi, des gains et de la durée du travail, 1984 - 1996" est un outil de référence idéal pour votre organisation. Commandez dès auiourd'hui!

Note of appreciation

Canada owes the success of its statistical system to a long-standing co-operation involving Statistics Canada, the citizens of Canada, its businesses, governments and other institutions. Accurate and timely statistical information could not be produced without their continued co-operation and goodwill.

Note de reconnaissance

Le succès du système statistique du Canada repose sur un partenariat bien établi entre Statistique Canada et la population, les entreprises, les administrations canadiennes et les autres organismes. Sans cette collaboration et cette bonne volonté, il serait impossible de produire des statistiques précises et actuelles. Notes Notes

Data for the current month are preliminary estimates and are subject to revision in the next issue of this publication.

Data contained in this publication (unless otherwise specified) are not seasonally adjusted.

Les données du mois le plus récent sont des estimations préliminaires et seront révisées lors de la prochaine parution de cette publication.

À moins d'avis contraire, les données paraissant dans cette publication sont non désaisonnalisées.

Symbols

The following standard symbols are used in Statistics Canada publications:

- .. figures not available.
- ... figures not appropriate or not applicable
- nil or zero.
- -- amount too small to be expressed.
- p preliminary figures.
- r revised figures.
- x confidential to meet secrecy requirements of the Statistics Act

Signes conventionnels

Les signes conventionnels suivants sont employés uniformément dans les publications de Statistique Canada:

- .. nombres indisponibles.
- ... n'ayant pas lieu de figurer.
- néant ou zéro.
- nombres infimes.
- p nombres provisoires.
- nombres rectifiés.
- x confidentiel en vertu des dispositions de la Loi sur la statistique relatives au secret.

Note on CANSIM

The data published in Employment, Earnings and Hours (Catalogue No. 72-002-XPB) are also available in machine readable form through CANSIM (Canadian Socio-Economic Information Management System). Users interested in accessing data via CANSIM should contact one of Statistics Canada's regional centres at the numbers listed on the inside front cover of this publication, or contact the Marketing division, Statistics Canada, R.H. Coats Building, Ottawa, Ontario, k1A 0T6 (613) 951-8200

Note concernant CANSIM

Les données qui sont publiées dans l'Emploi, gains et durée du travail (n° 72-002-XPB au catalogue) peuvent être obtenues sous formé lisible par machine de CANSIM (Système Canadien d'information socio-économique). Les utilisateurs voulant obtenir des chiffres par l'intermédiaire de CANSIM peuvent contacter un des centres de consultation de Statistique Canada dont les numéros de téléphone figurent à l'endos du couvert de cette publication ou en communiquant directement avec la division du marketing, Statistique Canada, Immeuble R.H. Coats, Ottawa, Ontario, K1A 0T6 (613)951-8200.

Design your own table

Design your own table to order Employment, Payrolls and Hours data in the detail you need it. All data collected by the survey can be custom tabulated to meet your particular data needs. A consultant will help you custom design your tabulation. Our office is open from 8:00 A.M. to 4:30 P.M..

The paper used in this publication meets the minimum requirements of American National Standard for Information Sciences - Permanence of Paper for Printed Library Materials, ANS1 Z39.48 - 1984.

Le papier utilisé dans la présente publication répond aux exigences minimales de l'"American National Standard for Information Sciences" - "Permanence of Paper for Printed Library Materials", ANSI Z39.48-1984.

Survey Overview

Aperçu de l'enquête

The monthly Survey of Employment, Payrolls and Hours is designed to measure the levels and month-to-month trends of payroll employment, paid hours and earnings. The data are compiled at detailed industrial levels for Canada, provinces and territories.

The target population is composed of all employers in Canada, except those in agriculture, fishing and trapping, private households services, religious organizations and defence services. Conceptually, the SEPH reference period is the last seven days of the month, but the questionnaire asks respondents to report for the last pay period in the month

Methodology

The statistics contained in this publication are based on:

- a census of establishments within enterprises with a complex structure and having approximately 300 or more employees,
- a census of administrative records having approximately 100 employees or more.
- a sample of administrative records having approximately 99 employees or less,
- a sample survey (BPS) conducted to estimate the variables not reported on administrative records.

The total payroll employment estimates are derivedby adding up the employment data obtained by integrating two different sources, the Establishment survey and the Administrative records. However, processes are independentfor the sample selection, data collection and estimation. The Establishment Survey accounts for about 35% of the total payroll employment, while the remaining portion is from Administrative records. The Business Payrolls Survey (BPS) is conducted monthly to collect data that is utilized in the calculation of ratios and regression coefficient needed to estimate data not reported on the administrative records. Combining different sources, BPS, Administrative Survey, and Establishment Survey results in the full range of SEPH variables.

TERMS AND DEFINITIONS

Industry classification: On the basis of its principal activity, each establishment is assigned an industry code according to the 1980 Standard Industrial Classification (SIC). A description of the various industries and groups of industries is contained in the "Standard Industrial Classification Manual", Catalogue 12-501-XPB. In the tables of this

L'enquête mensuelle sur l'emploi, la rémunération et les heures a pour objet de mesurer les niveaux et les tendances mensuelles de l'ensemble des salariés inscrits sur la liste de paye, des heures rémunérées et des gains. Ces données sont rassemblées à des niveaux détaillés selon l'activité économique pour le Canada, les provinces et les territoires.

La population cible comprend tous les employeurs au Canada sauf ceux des secteurs de l'agriculture, de la pêche et du piégeage, des services domestiques, des ménages, des organismes religieux et des services de la défense. En théorie, la période de référence de l'EERH correspond aux sept derniers jours du mois, mais les répondants doivent remplir le questionnaire en tenant compte de la dernière période de paye du mois.

Méthodologie

Les statistiques comprises dans la présente publication sont fondées sur:

- un recensement d'établissements à l'intérieur d'entreprises ayant une structure complexe et comprenant approximativement plus de 300 salariés,
- un recensement des dossiers administratifs comprenant approximativement 100 salariés ou plus,
- un échantillon des dossiers administratifs comprenant approximativement 99 salariés ou moins,
- une enquête-échantillon (ERE) servant de base pour estimer les variables non rapportées sur les dossiers administratifs.

Le nombre total de salariés inscrits sur la liste de paye est obtenu en additionnant l'emploi provenant de deux différents volets de l'enquête soit celui des enquêtes sur les établissements et celui des dossiers administratifs. Toutefois, les procédés sont distincts pour le choix de l'échantillon, la collecte des données et les estimations. L'enquête sur les établissements représente environ 35% du total des salariés inscrits sur les listes de paye, le reste provenant des dossiers administratifs. L'Enquête sur la rémunération auprès des entreprises (ERE) est effectuée chaque mois en vue de recueillir des données afin de calculer des ratios et des coefficients de régression, servant à estimer les données qui ne sont pas rapportées sur les dossiers administratifs. Ces différents volets soit l'ERE, les dossiers administratifs ainsi que l'enquête sur les établissements sont combinés en vue de produire toutes les variables propres à l'EERH.

TERMES ET DÉFINITIONS

Classement par activité économique: Un code d'activité économique tiré de la Classification type des industries de 1980 (CTI) est attribué à chaque établissement selon sa principale activité. Les industries et les différents groupes industriels sont décrits dans le manuel "Classification Type des Industries 1980" catalogue 12-501-XPB. Dans les tableaux de cette publication,

publication, a column is identified "S.I.C. Code" and corresponds to that manual. SEPH has 281 industry groups in scope. For analytical purposes, special groupings which are not part of the Standard Industrial Classification, have been created.

- a) Industrial aggregate (000-999) represents the sum of all the industries included in the survey. Since January 1994, employment estimates for the Industrial aggregate include the unclassified businesses.
- b) Unclassified businesses (000) represents businesses that have not yet been classified to an SIC, aprovince or a territory. Since January 1994, employment estimates for industrial aggregate includes the unclassified businesses.
- Goods-producing industries (041-449)(491-499) consist of the following industries; forestry, mining, manufacturing, construction and other utilities industries.
- d) Service-producing industries (451-484)(501-999) consist of the following industries; transportation, communication and storage, trade, finance and insurance, services (except religious organizations and private households) and public administration industries (except for defence services and other government services).
- e) Durable goods (39U) manufacturing consist of the following industries; wood (251-259), furniture and fixtures (261-269), primary metal (291-299), fabricated metal products (301-309), machinery (311-319), transportation equipment (321-329), electrical and electronic products (331-339) and non-metallic mineral products (351-359).
- Non-durable goods (37U) manufacturing consist of the following industries; food (101-109), beverage (111-114), tobacco (121-122), rubber products (151-159), plastic products (161-169), leather products (171), primary textile (181-183), textile products (191-199), clothing (243-249), paper and allied products (271-279), printing, publishing and allied (281-284), refined petroleum and coal products (361-369), chemical andchemical products (371-379) and other manufacturing industries (391-399).
- g) Commercial services (95U) consist of the following industries; business services (771-779), accommodation services (911-914), food and beverage services (921-922), amusement and recreational services (961-969), personal services (971-979), membership organization (982-986) and other service industries (991-999).
- Non-commercial services (94U) consist of the following industries; educational and related services (851-859) and health and social services (861-869).

une colonne est identifiée "CTI 1980". Ces codes correspondent à ce manuel. On compte 281 groupes d'activités visées par l'EERH. À des fins analytiques, nous avons créé des groupes spéciaux qui ne figurent pas dans la Classification type des industries.

- a) Ensemble des industries (000-999) représente la somme de toutes les industries visées par l'enquête. Depuis janvier 1994, l'emploi pour l'ensemble des industries comprend les entreprises non classifiées.
- b) Les entreprises non classifiées (000) représentent des entreprises n'ayant pas été identifiées à une classification industrielle, une province ou un territoire. Depuis janvier 1994, l'emploi des entreprises non classifiées est compris dans l'ensemble des industries.
- Branche productrice de biens (041-449)(491-499) englobe les industries suivantes; forêts, mines, manufactures, construction et autres services publics.
- d) Branche productrice de services (451-484)(501-999) englobe les industries suivantes; transports, communications et entreposage, commerce, finances et assurances, services (sauf les organismes religieux et les ménages privés) et l'administration publique (excepté les services de la défense et autres services gouvernementaux).
- e) Biens durables (39U) des industries manufacturières englobe les industries suivantes; bois (251-259), meubles et articles d'ameublement (261-269), première transformation des métaux (291-299), fabrication des produits métalliques (301-309), machinerie (311-319), matériel de transport (321-329), produits électriques et électroniques (331-339) et produits minéraux non métalliques (351-359).
- f) Biens non durables (37U) des industries manufacturières englobe les industries suivantes; aliments (101-109), boisson (111-114), tabac (121-122), produits en caoutchouc (151-159), produits en matière plastique (161-169), cuir (171), première transformation du textile (181-183), produits textiles (191-199), habillement (243-249), papier et produits connexes (271-279), imprimerie, édition et industries connexes (281-284), produits raffinés du pétrole et du charbon (361-369), produits chimiques (371-379) et autres industries manufacturières (391-399).
- g) Services commerciaux (95U) englobe les industries suivantes; services aux entreprises (771-779), hébergement (911-914), restauration (921-922), services de divertissements et loisirs (961-969), services personnels (971-979), associations commerciales (982-986) et autres industries de services (991-999).
- Services non commerciaux (94U) englobe les industries suivantes; services d'enseignement et services annexes (851-859) et services de soins de santé et services sociaux (861-869).

- Banks (700) consist of the following industries; Central Bank (701), Chartered Banks and other banking-type intermediaries (702).
- Other amusement and recreational services (960) consist of the following industries; commercial spectator sports (964), gambling operations (966) and other amusement and recreational services (969).
- k) Public Administration (812-837) contains only the establishments engaged in activities that are governmental in character and those serving as internal service agencies of the public service. Government owned establishments primarily engaged in activities assigned to other industries are classified in those industries along with similar establishments owned by non-government bodies. Therefore, data included in this industry division do not represent the actual number of persons employed by government at any level.

Variables

Employee

The employment is derived by adding up data derived from two sources, the establishment survey and from the administrative records. Since the data for the different employee categories are not reported on the administrative records the BPS survey is conducted to estimate ratios needed to calculated those variables.

The survey determines an employee as being any person drawing pay for services rendered or for paid absences and for whom the employer must complete a Revenue Canada T-4 Supplementary Form.

The employee concept includes full-time employees, part-time employees (those who regularly work fewer hours than the standard work week of the establishment). It also comprises working owners, directors, partners and other officers of incorporated businesses.

The definition excludes owners or partners of unincorporated businesses, the self-employed, unpaid family workers, persons working outside Canada, military personnel and casual workers for whom a T-4 is not required. It also excludes those who did not receive any pay from the employer for the entire survey reference period (e.g. persons on strike, persons on unpaid holidays, persons receiving remuneration from an insurance, Workmens' compensation or other related fund, etc.). However, employees paid for part of the reference period and unemployed or on strike for the rest of this period are included in the survey.

- Banques (700) englobe les industries suivantes; banque centrale (701) et banques à charte et autres intermédiaires de type bancaire (702).
- j) Services de divertissements et de loisirs (960) englobe les industries suivantes; sports commerciaux (964), loteries et jeux de hasard (966) et autres services de divertissements et de loisir (969).
- k) Administration publique (812-837) comprend seulement les établissements dont les activités ont un caractère essentiellement gouvernemental, et les organismes auxiliaires assurant les services internes de l'État. Les établissements publics dont l'activité dominante relève d'autres activités économiques sont classés sous les mêmes rubriques que les établissements privés semblables. Ainsi, les données publiées pour cette division économique ne représentent pas le nombre réel de personnes employées par les différents pouvoirs publics.

Variables

Salarié

L'emploi est obtenu en additionnant les données provenants de sources différentes; l'enquête sur les établissements et des dossiers administratifs. Toutefois les estimations pour les différents types d'emplois ne sont pas rapporter sur les dossiers administratifs, l'enquête ERE est effectuée en vue de recueillir des données afin de calculer les ratios servants à estimer ces variables

L'enquête définie un employé comme étant: toute personne rétribuée pour ses services ou ses absences et pour laquelle l'employeur doit remplir une déclaration T-4 Supplémentaire de Revenu Canada.

Le terme "salarié" désigne les salariés à temps plein et à temps partiel (ceux qui travaillent régulièrement un nombre d'heures inférieur à la semaine normale de travail de l'entreprise). Il désigne aussi les propriétaires, administrateurs, associés et autres dirigeants actifs des entreprises constituées en corporation.

Le concept de salarié exclut les propriétaires et les associés des entreprises non constituées en corporation, les travailleurs autonomes, les travailleurs familiaux non rémunérés,les personnes travaillant à l'extérieur du Canada et le personnel militaire et les employés occasionnels dont l'employeur n'est pas tenu de remplir la formule T4. Sont également exclus les travailleurs n'ayant pas reçu de paye de leur employeurpendant la période de référence de l'enquête (c.-à-d. les personnes en grève, en congé non payé, les personnes recevant une rémunération aux termes d'un régime d'assurance, d'une caisse d'indemnisation des accidents au travail ou d'un régime analogue, etc.). Cependant, les travailleurs rémunérés pour une partie de la période de référence et en chômage ou en grève pour le reste de la période sont inclus dans l'enquête.

The employees are classified into the following categories:

a) Employees paid by the hour: any employee whose basic wage is expressed as an hourly rate.

Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education industries, represent in this category non-teaching staff: All employees other than teachers and academic staff, for example; president, vice-president, librarian, registrar, bursar, accountant, guidance counsellor, laboratory technician, personnel officer and other services (janitor, caretaker, bus driver, etc.).

b) *Salaried employees: any employee whose basic remuneration is a fixed amount for at least one week. Although this variable is not included in this document, the data remains available.

Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education industries, represent in this category *teaching staft:* those classified as teachers, instructors or academics in the payroll records (e.g. principal, professor, dean, head of department, master, teacher, etc.) whether they teach during the day or evening. Supply or substitute teachers are excluded.

c) *Other employees: those employees whose basic remuneration is in the form of commissions, piece rates, mileage allowances, etc. Although this variable is not included in this document, the data remains available

Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education industries, represent in this category supply or substitute teachers: teachers who are called in as needed either to augment existing staff or as short-term replacements for a full-time or part-time teachers.

Weekly Payrolls:

Weekly payrolls are defined as the portion of gross monthly payrolls that reflect work performed during the reference week. It represents the gross dollar value before deductions for income taxes, enemployment insurance contributions etc.., including regular pay, overtime and a portion of bonuses, commissions and other type of special payments. The payroll concept excludes dollar amounts that are taxable allowances and benefits, certain types of non-wage compensation as well as employer contributions to unemployment insurance, Canada/Quebec pension plans, provincial medical plans, workers compensation and other welfare plans. Some annual special payments are excluded while other lump sum special payments are adjusted to coincide with the reference week period.

Les salariés sont classés dans les catégories suivantes:

a) Salariés rémunérés à l'heure: tout salarié dont la rémunération de base est calculée selon un taux horaire.

L'emploi pour les industries d'enseignement élémentaire et secon daire (851), post secondaire (852) et universitaire (853), représente dans cette catégorie le **personnel non enseignant**: tous les salariés autres que le personnel enseignant, c'est-à-dire le président, le vice-président, le bibliothécaire, le secrétaire général, l'économe, le comptable, les orienteurs, les techniciens de laboratoire, les agents du personnel ainsi que les autres services (le concierge, pourvoyeur, chauffeur d'autobus, etc.)

 *Employés: tout salarié dont la rémunération de base constitue une somme fixe versée pour au moins une semaine.
 Même si cette variable ne figure pas dans ce document, elle demeure disponible.

L'emploi pour les industries d'enseignement élémentaire et secondaire (851), post secondaire (852) et universitaire (853), représente dans cette catégorie le *personnel enseignant*: tout travailleur classé comme enseignant ou chargé de cours dans les dossiers du service de la paye (directeur, professeurs, doyens, chefs de département, maîtres, enseignants, etc.), qu'il enseigne le jour ou le soir. Les suppléants ou remplacants sont exclus.

c) *Autres salariés: tout salarié dont la rémunération debase se présente sous forme de commissions, de salaire à la pièce, d'indemnités de milage, etc. Même si cette variable ne figure pas dans ce document, elle demeure disponible.

L'emploi pour les industries d'enseignement élémentaire et secondaire (851), post secondaire (852) et universitaire (853), représente dans cette catégorie le personnel *suppléants ou remplaçants*: enseignants appelés à se présenter au travail lorsqu'on a besoin de leurs services soit pour accroître le personnel existant, soit pour remplacer pendant une courte période un enseignant à temps plein ou à temps partiel.

Rémunération hebdomadaire brute:

La rémunération brute est défénie comme étant la partie de la rémunération hebdomadaire brute qui reflète le travail accompli durant la semaine de référence. Ça représente la valeur brute en dollars avant les déductions pour l'impôt sur le revenu, les contributions à l'assurance-chômage etc.., incluant le salaire régulier, le surtemps et la partie bonis, commissions et tout autres types de paiements spéciaux. Les concepts sur la rémunération, ne comprend pas les montants en dollars qui représentent des allocations et des avantages imposables, certains types d'indemnités non salariales ainsi que les cotisations patronalesà l'assurance-chômage, au régime de pension du Canada ou au Régime des rentes du Québec, aux régimes d'assurance-maladie provinciaux, aux caisses d'indemnisation des accidents du travail et à d'autres régimes de prévoyance. Les paiements annuels spéciaux sont exclus tandis que les paiements forfaitaires spéciaux sont rajustés de façon à coïncider avec la semaine de référence.

The payroll is derived by adding up data derived from two sources, the Establishment survey and the Administrative records.

Average weekly earnings for all employees:

Average weekly earnings are derived by dividing total weekly payrolls by the payroll employment.

Average weekly hours for employees paid by the hour and standard work week for salaried employees:

Average weekly hours are obtained by dividing the total paid weekly hours for employees paid by the hour by the number of employees paid by the hour. Total paid hours are defined as all hours paid including overtime hours plus hours of paid absence. Although the standard work week for salaried employees is not included in this document, this data remains available.

Average hourly earnings (including overtime) for employees paid by the hour:

Is obtained by dividing the totalweekly payrolls for employees paid by the hour by the total number of weekly hours for employees paid by the hour. Average hourly earnings are calculated for the hourly-rated employees and for the *salaried employees.

*Data for other employees and salaried employees are available in the monthly publication (cat. 72-002-XPB) or directly from the Labour Division ((613) 951-4090).

La rémunération brute est obtenue en additionnant les données provenant de sources différentes soit l'enquête sur les établissements et les dossiers administratifs.

Rémunération hebdomadaire moyenne pour l'ensemble des salariés:

La rémunération hebdomadaire moyenne est calculée en divisant la masse salariale brute imposable par le nombre de salariés inscrits sur la liste de paye.

Heures hebdomadaires moyennes pour les salariés rémunérés à l'heure et la semaine normale de travail des employés:

Les heures hebdomadaires moyennes sont calculées en divisant le nombre total d'heures hebdomadaires rémunérées des salariés rémunérés à l'heure par le nombre de salariés rémunérés à l'heure. Le nombre total d'heures rémunérées est défini comme étant toutes les heures payées y compris les heures supplémentaires et les heures d'absence payées. Même si le nombre d'heures dans une semaine normale de travail ne figure pas dans ce document, ces données demeurent disponibles.

Rémunération horaire moyenne (incluant le temps supplémentaire) des salariés rémunérés à l'heure:

La rémunération horaire moyenne est calculée en divisant la rémunération hebdomadaire brute des salariés rémunérésà l'heure par le nombre d' heures travaillées de ces même salariés. La rémunération horaire moyenne est calculée à l'égard des salariés rémunérés à l'heure et des *employés.

*Les données pour les autres salariés et pour les employés sont disponibles soit dans la publication mensuelle (72-002-XPB) ou auprès de la division du travail au ((613) 951-4090).

Discover What Help-Wanted Ads Can Tell You About Canada's Economy / Découvrez ce que les offres d'emploi révèlent sur l'économie canadienne

Help-wanted ads in newspapers are a rich source of information about economic activity. When the economy is growing, employers place help-wanted ads to attract new workers. Similarly, during an economic downturn, there is a decrease in the demand for labour so they advertise less Since help-wanted ads reflect future hirings, changes in the level of ads provide early signals of labour market conditions, and of general economic activity.

That's why Statistics Canada conducts the Help-Wanted Index survey (HWI). Each month, we count the help-wanted ads published in 22 metropolitan area newspapers across the country. Results are released within ten days after each month's data has been collected. This makes the index a timely source of valuable labour market information.

The Help-Wanted Index measures changes in the demand for labour by region and by metropolitan areas like Vancouver, Winnipeg, Toronto, Montreal and Halifax, among others. In fact, it is the only indicator of labour demand compiled by Statistics Canada on a regular basis!

Les offres d'emploi publiées dans les journaux sont une source abondante d'information sur l'économie. En période de croissance économique, les employeurs font paraître les offres d'emploi afin d'attirer de nouveaux travailleurs. De la même façon, durant une période de ralentissement économique, la baisse de la demande de main-d'oeuvre entraîne une réduction du nombre d'annonces. Étant donné que les annonces d'offres d'emploi reflètent les intentions d'embauche future, leurs fluctuations peuvent fournir une indication précoce des conditions du marché du travail et de l'économie en général.

Voilà pourquoi Statistique Canada mène l'enquête de l'indice de l'offre d'emploi (I.O.E.). Tous les mois, nous dénombrons les offres d'emploi parues dans 22 journaux des régions métropolitaines du pays. Les résultats sont publiés moins de dix jours après la collecte des données. L'indice est donc une source précieuse et actuelle de renseignements sur le marché du travail.

L'indice permet de mesurer la demande de main-d'oeuvre selon les grandes régions du Canada et selon les régions métropolitaines telles que Vancouver, Winnipeg, Toronto, Montréal et Halifax. En fait, c'est le seul indicateur de la demande de maind'oeuvre publié régulièrement par Statistique Canada.

Help Wanted Index data add one more "piece of the picture" to your research project.

For more information about the index, call Sylvie Picard at or Michael Scrim at (613) 951-4090. Fax us at (613) 951-4087. Our Internet address is: labour@statcan.ca. Highlights

Faits saillants

Employment, Earnings and Hours October 1997 (preliminary) Seasonally adjusted

As a result of the work stoppage by Ontario teachers, average weekly earnings for employees on company payrolls fell \$1.17 to \$595.81 in October. Removing the effect of the teachers work interruption, average weekly earnings increased by \$1.30 or 0.2 percent, in line with trends since June, 1997.

The year-over-year growth rate in average earnings for Canada has been less than 2% since June 1997, with higher than average annual earnings growth in finance, insurance and real estate, mining, quarrying and oil wells and wholesale trade. Provincially, annual growth in earnings has been highest in New Brunswick, Saskatchewan and Alberta.

Adjusting for the teachers work stoppage, paid employment grew strongly in October, with industries excluding education adding 63,000 employees to company payrolls. Gains were widespread with especially strong growth in manufacturing (+10,500), wholesale trade (+9,500) and retail trade (+14,300).

Emploi, gains et durée du travail Octobre 1997 (données provisoires) Données désaisonnalisées

La rémunération hebdomadaire moyenne des salariés inscrits sur les listes de paye des entreprises a chuté de 1,17\$ en octobre, atteignant 595,81\$ à la suite de l'arrêt de travail des enseignants de l'Ontario. En excluant l'influence de la grève, la rémunération hebdomadaire moyenne a augmenté de 1,30 \$ ou 0,2 point de pourcentage, poursuivant ainsi la tendance débutée en juin dernier.

Depuis juin dernier, le taux de croissance annuelle de la rémunération hebdomadaire a été inférieur à 2 %. Des taux de croissance supérieurs à la moyenne ont été enregistrés dans les secteurs de la finance, des assurances et des affaires immobilières, des mines, carrières et puits de pétrole, ainsi que dans le commerce de gros. Les plus fortes croissances annuelles ont été observées au Nouveau-Brunswick, en Saskatchewan et en Alberta.

Exception faite de l'influence de la grève des enseignants, le nombre de salariés rémunérés a fortement augmenté en octobre. Mis à part le secteur de l'éducation, les entreprises ont ajouté 63 000 salariés à leur liste de paye. Les gains ont été largement répandus, mais une forte croissance a été enregistrée dans les industries manufacturières (+10 500), dans le commerce de gros (+9 500) et dans le commerce de détail (+14 300).

Adjusting for the teachers work stoppage, the number of employees on business payrolls grew strongly in October./

Exception faite de la grève des enseignants, le nombre de personnes sur les listes de paye a fortement augmenté en octobre.

Except for Ontario and Saskatchewan, all provinces gained payroll employment in October. Employment gains were especially strong in Quebec, with employment growth widespread across most industries.■

En octobre, le nombre de salariés a augmenté dans toutes les provinces, à l'exception de l'Ontario et de la Saskatchewan. La hausse de l'emploi a été particulièrement forte au Québec, et répartie dans la plupart des industries.

Estimations désaisonnalisées de l'emploi, pour l'ensemble des salariés, pour une sélection d'industries, Canada, provinces et territoires, (1993-1997).

Employment in the province of Ontario dropped sharply in October due to work stoppage among teachers. Total employment fell to 11,333,510 from last month's 11,398,741; a 0.57% monthly decline. This was the first decrease in over a year.

Suite à l'arrêt de travail des enseignants en Ontario, l'emploi dans cette province a diminué de façon importante en octobre. L'emploi total est passé de 11 398 741 à 11 333 510 soit une diminution mensuelle de 0,57%. C'était la première baisse mensuelle en plus d'un an.

Tableau 2

Seasonally Adjusted Estimates of Average Weekly Earnings, for All Employees, for Selected Industries, Canada, Provinces and Territories, (1993-1997).

Estimations désaisonnalisées de la rémunération hebdomadaire moyenne, pour l'ensemble des salariés, pour une sélection d'industries, Canada, provinces et territoires, (1993-1997).

Average weekly earnings declined in October due in large part to the work stoppage among education workers in Ontario. Earnings declined to \$595.81 from \$596.98 in September. The drop was not significant due to increases in logging and forestry, mining, quarrying and oil wells, financial institutions, and real estate and insurance agencies. All provinces registered increases with the exception of Ontario and British Columbia

En octobre, suite à l'arrêt de travail dans le secteur de l'éducation, la rémunération hebdomadaire moyenne était à la baisse en Ontario. Comparativement à septembre, la rémunération a chuté de 596,98\$ à 595,81\$. La baisse n'était pas significative due aux augmentations enregistrées dans l'exploitation forestière et services forestiers, les mines, carrières et puits de pétrole, les institutions financières, les agences immobilières et les agences d'assurance. Toutes les provinces ont enregistré des augmentations à l'exception de l'Ontario et de la Colombie-Britannique.

Tableau 3

Fixed-weighted Indexes (1986=100) of Average Hourly Earnings, for All Employees, for Selected Industries, Canada, Provinces and Territories, (1993-1997).

Indices à pondération fixe (1986=100) de la rémunération horaire moyenne, pour l'ensemble des salariés, pour une sélection d'industries, Canada, provinces et territoires, (1993-1997).

The year-over-year fixed-weighted index for the industrial aggregate was negative for the second month in a row. This represents a decline of 0.6% from the level of 142.7 in October 1996. The decreases were primarily in service producing industries in Ontario.

La croissance d'une année à l'autre de l'indice à pondération fixe, pour l'ensemble des industries, était à la baisse pour un deuxième mois d'affilée. Comparativement au niveau enregistré en octobre 1996, soit 142,7, l'indice a diminué de 0,6%. Les baisses se trouvaient principalement dans la branche productrice de services en Ontario.

Table 6

Tableau 6

Estimates of Employment, Average Hourly Earnings and Hours, for Employees Paid by the Hour, by Industry, Canada, Provinces and Territories. Estimations de l'emploi, de la rémunération horaire moyenne et des heures, pour les salariés rémunérés à l'heure, par industrie, Canada, provinces et territoires.

In October 1997, average weekly hours for hourly paid employees fell slightly, returning to the level of October 1996. In the past year, decreased average hours of work for construction, transportation, storage, communication and other utilities and for trade workers, were more than offset by increases in the remaining major industries.

En octobre 1997, les heures hebdomadaires moyennes pour les salariés rémunérés à l'heure a diminué légèrement, atteignant le niveau enregistré en octobre 1996. Durant la dernière année, les diminutions des heures moyennes travaillées dans la construction, le transport, l'entreposage, les communications et les autres services publics ainsi que pour les travailleurs dans le commerce ont été plus que contrebalancées par les augmentations dans les autres industries majeures.

Employment, Earnings and Hours, 1997 Statistics Canada - Cat. No. 72-002-XPB Emploi, gains et durée du travail, 1997 Statistique Canada - No 72-002-XPB au cat.

Tableau 7

Estimates of Employment, Average Hourly Earnings and Hours, for Salaried Employees, by Industry, Canada, Provinces and Territories. Estimations de l'emploi, de la rémunération horaire moyenne et des heures, pour les employés (à salaire fixe), par industrie, Canada, provinces et territoires.

Average weekly earnings (including overtime) for salaried employees stood at \$756.48 in October. Salaried employees in mining, quarrying and oil wells registered the highest earnings at \$1223.79 while their counterparts in community, business and personal services earned the least with \$669.76.

En octobre, la rémunération hebdomadaire moyenne (incluant le temps supplémentaire) pour les employés s'établissait à 756,48\$. La rémunération pour les employés dans les mines, carrières et puits de pétrole était la plus élevé, soit 1223,79\$. Par contre, c'est dans les services socio-culturels, commerciaux et personnels que les employés ont gagné le moins, soit 669,76\$.

Establishment: is a survey based on a census of establishment (questionnaires sent on a monthly basis).

Administrative data: data derived from the monthly payroll deduction forms (PD7 forms) from Revenue Canada. There are two types of payroll deduction (PD) accounts.

- PD7A refers to monthly remitters (small businesses reporting once a month.
- TM refers to accelerated remitters (medium and large businesses reporting more than once a month).

Établissement: est une enquête basée sur un recensement d'établissements (questionnaires envoyés mensuellement).

Données administratives: données provenant des formulaires de retenue sur la paye (formulaires PD7) de Revenu Canada. Il existe deux genres de comptes de retenues sur la paye (RP).

- PD7A se rapporte aux remises mensuelles (petites entreprises effectuant une remise par mois).
- TM se rapporte aux remises accélérées (moyennes et grandes entreprises effectuant plus d'une remise par mois).

SERVICES INDICATORS

For and About Businesses Serving the Business of Canada ...

Services

Indicators

Indicateurs

des services

At last, current data and expert analysis on this VITAL sector in one publication!

he services sector now dominates the industrial economies of the world.
Telecommunications, banking, advertising, computers, real estate, engineering and insurance represent an eclectic range of services on which all other economic sectors rely.

Despite their critical economic role, however, it has been hard to find out what's happening in these industries. Extensive and time-consuming efforts have, at best, provided a collection of diverse bits and pieces of information ... an incomplete basis for informed understanding and effective action.

Now, instead of this fragmented picture, *Services Indicators* brings you a cohesive whole. An innovative quarterly from Statistics Canada, this publication breaks new ground, providing <u>timely</u> updates on performance and developments in:

- Communications
- Finance, Insurance and Real Estate
- **Business Services**

Services Indicators brings together analytical tables, charts, graphs and commentary in a stimulating and inviting format. From a wide range of key financial indicators including profits, equity, revenues, assets and liabilities, to trends and analysis of employment, salaries and output – PLUS a probing feature article in every issue, Services Indicators gives you the complete picture for the first time!

Finally, anyone with a vested interest in the services economy can go to *Services Indicators* for current information on these industries ... both <u>at-a-glance</u> and <u>in more detail than has ever been available before</u> – all in one unique publication.

If your business is serving business in Canada, or if you are involved in financing, supplying, assessing or actually using these services, *Services Indicators* is a turning point – an opportunity to forge into the future armed with the most current insights and knowledge.

Order YOUR subscription to Services Indicators today!

 $Services\ Indicators\ (catalogue\ no.\ 63-016-XPB)\ is\ \$116\ (plus\ GST/HST\ and\ applicable\ PST)\ in\ Canada,\ US\$116\ in\ the\ United\ States\ and\ US\$116\ in\ other\ countries.$

To order, write to Statistics Canada, Operations and Integration Division, Circulation Management, 120 Parkdale Avenue, Ottawa, Ontario, K1A 0T6, or contact the nearest Statistics Canada Regional Reference Centre listed in this publication.

If more convenient, fax your order to 1-800-889-9734 or (613) 951-1584 or call 1-800-267-6677 toll-free in Canada and the United States [613) 951-7277 elsewhere] and charge to your VISA or MasterCard. Via Internet: order@statcan.ca. Visit our Web Site www.statcan.ca.

INDICATEURS DES SERVICES

Au sujet des entreprises au service des affaires du Canada et à leur intention...

Enfin regroupées en une publication, des données courantes et des analyses éclairées sur ce secteur ESSENTIEL!

e secteur des services domine à l'heure actuelle les économies industrielles du monde. Les télécommunications, les opérations bancaires, la publicité, l'informatique, l'immobilier, le génie et l'assurance représentent une gamme éclectique de services sur lesquels reposent tous les autres secteurs économiques.

En dépit de leur rôle critique sur le plan économique, il est toutefois difficile de savoir ce qui se passe dans ces branches d'activité. Des efforts considérables et fastidieux ont permis, au mieux, de rassembler une collection de renseignements fragmentaires divers... qui ne favorisent pas la compréhension avisée et la prise de mesures efficaces.

Remplacez maintenant ce tableau fragmentaire par l'image cohérente que vous offre *Indicateurs des services*. Cette publication trimestrielle innovatrice de Statistique Canada pénètre dans un domaine inexploré, fournissant des aperçus <u>opportuns</u> du rendement et des progrès dans les domaines suivants :

Communications

Canada

- Finance, assurance et immobilier
- Services aux entreprises

Indicateurs des services rassemble des tableaux analytiques, des diagrammes, des graphiques et des observations en un mode de présentation stimulant et attrayant. En puisant à même une vaste gamme d'indicateurs financiers importants, allant notamment des profits, des capitaux propres, des recettes, de l'actif et du passif aux tendances et analyses de l'emploi, des salaires et de la production – à laquelle s'ajoute un article de fond exploratif dans chaque numéro, Indicateurs des services brosse pour la première fois un tableau complet!

Enfin, quiconque s'intéresse au secteur des services peut consulter *Indicateurs des services* pour trouver des renseignements courants sur ces branches d'activité... tant sous une <u>forme sommaire qu'à un niveau de détail n'ayant jamais encore été offert</u> – et ce, dans une même publication.

Si vous êtes de ceux qui fournissent des services aux entreprises canadiennes, ou si vous financez, fournissez ou évaluez ces services ou y avez en fait recours, *Indicateurs des services* représente un tournant – une chance de s'aventurer dans l'avenir en étant armé des réflexions et connaissances les plus actuelles.

Commandez dès aujourd'hui VOTRE abonnement à Indicateurs des services!

Indicateurs des services (n° 63-016-XPB au catalogue) coûte 116 \$ (plus TPS/TVH et la TVP en vigueur) au Canada, 116 \$ US aux États-Unis et 116 \$ US dans les autres pays.

Pour commander, écrivez à Statistique Canada, Division des opérations et de l'intégration, Gestion de la circulation, 120, avenue Parkdale, Ottawa (Ontario) K1A 076, ou communiquez avec le Centre régional de consultation de Statistique Canada le plus près (voir la liste qui figure dans la présente publication).

Si vous préférez, vous pouvez télécopier votre commande en composant le 1-800-889-9734 ou le (613) 951-1584 ou téléphoner sans frais du Canada et des États-Unis au 1-800-267-6677 [ou d'ailleurs au (613) 951-727] et portre les frais à votre compte VISA ou MasterCard. Via l'Internet: order@statcan.ca. Visitez notre site Internet www.statcan.ca.

Your guide to Canada's collection of facts and figures

From the most pressing topics of the day, like employment, income, trade and education, to specific research studies, like adult literacy in Canada or products shipped by Canadian manufacturers, you'll find the reference information on all these and more in the Statistics Canada Catalogue 1997.

You'll also find details on a wealth of print publications (and their alternative formats, where available) on Canada's changing business, social and economic conditions.

Whether you are a researcher, a policy-maker, a planner or a librarian, a regular user of the Catalogue or have never seen it before, you'll appreciate its flexibility and efficiency.

Designed to facilitate your research, the combined subject and title index will direct you to the right page in seconds.

Each listing includes the full title, the catalogue number, the language of the product, the price, a brief abstract of the content, and more. It's your one-stop shop for the full range of Statistics Canada's products.

To make sure that the Catalogue stands up to frequent use, it's been bound in a specially coated cover to prevent broken spines, tattered edges and dog-eared corners.

Votre guide des faits et chiffres sur le Canada

Des sujets d'actualité, dont l'emploi, le revenu, le commerce et l'éducation, aux études de recherche sur des thèmes précis, comme l'alphabétisation des adultes au Canada ou les produits livrés par les fabricants canadiens, vous trouverez des renseignements de référence sur tout cela et bien davantage dans le Catalogue de Statistique Canada 1997.

Vous trouverez également des renseignements concernant une foule de publications imprimées (et leur support de substitution, s'il y a lieu) sur l'évolution de la conjoncture économique et de la condition sociale du Canada.

Que vous soyez chercheur, décideur, planificateur ou bibliothécaire, utilisateur régulier du Catalogue ou que vous ne l'ayez jamais consulté, vous apprécierez sa souplesse et son efficacité.

Conçu pour faciliter vos recherches, l'index des sujets et des titres vous donnera, en quelques secondes, le numéro de la page où se trouvent vos renseignements.

Chaque publication inscrite est accompagnée du titre complet, du numéro au catalogue, de la langue du produit, du prix, d'un court résumé du contenu et plus encore. Le Catalogue constitue votre quichet unique pour la série complète des produits et services de Statistique Canada.

Et pour faire en sorte que le Catalogue résiste à une utilisation fréquente, sa couverture spéciale vise à prévenir les dos brisés, les côtés déchirés et les coins pliés.

ORDER YOUR OWN COPY TODAY!

The Statistics Canada Catalogue 1997 (Catalogue No. 11-204-XPE) is available in Canada for \$16 (plus either GST and applicable PST, or 15% HST), and for US\$16 outside Canada. Data in many forms

Statistics Canada disseminates data in a variety of forms. In addition to publications, both standard and special tabulations are offered. Data are available on the Internet, compact disc, diskette, computer printouts, microfiche and microfilm, and magnetic tape. Maps and other geographic reference materials are available for some types of data. Direct online access to aggregated information is possible through CANSIM, Statistics Canada's machine-readable database and retrieval system.

How to obtain more information

Inquiries about this publication and related statistics or services should be directed to: Analysis and Dissemination Section, Labour Division, Statistics Canada, Ottawa, Ontario, K1A 076 (telephone: (613) 951-4090) or to the Statistics Canada Regional Reference Centre in:

Halifax Montréal	(902) 426-5331 (514) 283-5725	Regina Edmonton	(306) 780-5405 (403) 495-3027
Ottawa	(613) 951-8116	Calgary	(403) 493-3027
Toronto Winnipea	(416) 973-6586 (204) 983-4020	Vancouver	(604) 666-3691

You can also visit our World Wide Web site: http://www.statcan.ca

Ordering/Subscription information

All prices exclude sales tax

Catalogue no. 72-002-XPB, is published monthly in a paper version for \$32.00 per issue or \$320.00 for twelve issues in Canada. Outside Canada the cost is US\$32.00 per issue and US\$320.00 for twelve issues.

Please send orders to Statistics Canada, Operations and Integration Division, Circulation Management, 120 Parkdale Avenue, Ottawa, Ontario, K1A 0T6 or by dialling (613) 951-7277 or 1 800 700-1033, by fax (613) 951-1584 or 1 800 889-9734 or by Internet: order@statcan.ca. For change of address, please provide both old and new addresses. Statistics Canada publications may also be purchased from authorized agents, bookstores and local Statistics Canada offices.

Standards of service to the public

Statistics Canada is committed to serving its clients in a prompt, reliable and courteous manner and in the official language of their choice. To this end, the agency has developed standards of service which its employees observe in serving its clients. To obtain a copy of these service standards, please contact your nearest Statistics Canada Regional Reference Centre.

Des données sous plusieurs formes

Statistique Canada diffuse les données sous formes diverses. Outre les publications, des totalisations habituelles et spéciales sont offertes. Les données sont disponibles sur Internet, disque compact, disquette, imprimé d'ordinateur, microfiche et microfilm, et bande magnétique. Des cartes et d'autres documents de référence géographiques sont disponibles pour certaines sortes de données. L'accès direct à des données agrégées est possible par le truchement de CANSIM, la base de données ordinolingue et le système d'extraction de Statistique Canada.

Comment obtenir d'autres renseignements

Toute demande de renseignements au sujet de la présente publication ou au sujet de statistiques ou de services connexes doit être adressée à : Section de l'analyse et de la diffusion, Division du travail, Statistique Canada, Ottawa, Ontario, K1A 0T6 (téléphone : (613) 951-4090) ou à l'un des centres de consultation régionaux de Statistique Canada :

Normes de service à la clientèle

Statistique Canada s'engage à fournir à ses clients des services rapides, fiables et courtois et dans la langue officielle de leur choix. À cet égard, notre organisme s'est doté de normes de service à la clientèle qui doivent être observées par les employés lorsqu'ils offrent des services à la clientèle. Pour obtenir une copie de ces normes de service, veuillez communiquer avec le centre de consultation régional de Statistique Canada le plus près de chez vous.

Note to users

The Survey of Employment, Payrolls and Hours (SEPH) is currently in the final multi-year of a major. re-engineering project designed to improve estimates of the level of business payrolls and paid employment, and to reduce reporting burden on businesses. With the change in methodology, there is a risk that employment estimates from the administrative records may show a different seasonal pattern than the previous questionnaire data, which can only be assessed within the context of a longer time period. Statistics Canada continues to monitor these impacts and will help users interpret its data. To minimize impacts, it is recommended that SEPH data, particularly employment data, be used in the context of longer time periods or for detailed industry distributions.

For more information on the redesign, users can contact the SEPH dissemination unit at: (613) 951-4090

Avis aux utilisateurs

Le programme de l'Enquête sur l'emploi, la rémunération et les heures de travail (EERH) est actuellement dans la phase finale d'un proiet de remaniement important étalé sur plusieurs années. Ce projet vise à améliorer les estimations de la rémunération brute des entreprises et du nombre de salariés, de même qu'à réduire le fardeau de réponse des entreprises. Étant donné ce changement méthodologique, les estimations de l'emploi mesurées à partir de données administratives peuvent montrer un modèle saisonnier différent de celui des données obtenues à l'aide de questionnaires, ce qui ne peut être déterminé que dans le contexte d'une période plus longue. Statistique Canada continue d'examiner ces répercussions et est disposé à aider les utilisateurs à interpréter correctement ses données. Les données de l'EERH (surtout celles sur l'emploi) doivent être utilisées dans le contexte d'une période plus longue afin de minimiser les répercussions: à cet égard, il est également possible d'obtenir la distribution détaillée des industries.

Pour de plus amples renseignements sur le remaniement, communiquez avec l'unité de diffusion au: (613) 951-4090

Note of appreciation

Canada owes the success of its statistical system to a long-standing co-operation involving Statistics Canada, the citizens of Canada, its businesses, governments and other institutions. Accurate and timely statistical information could not be produced without their continued co-operation and goodwill.

Note de reconnaissance

Le succès du système statistique du Canada repose sur un partenariat bien établi entre Statistique Canada et la population, les entreprises, les administrations canadiennes et les autres organismes. Sans cette collàboration et cette bonne volonté, il serait impossible de produire des statistiques précises et actuelles. Notes Notes

Data for the current month are preliminary estimates and are subject to revision in the next issue of this publication.

Data contained in this publication (unless otherwise specified) are not seasonally adjusted.

Les données du mois le plus récent sont des estimations préliminaires et seront révisées lors de la prochaine parution de cette publication.

À moins d'avis contraire, les données paraissant dans cette publication sont non désaisonnalisées.

Symbols

The following standard symbols are used in Statistics Canada publications:

- .. figures not available.
- ... figures not appropriate or not applicable.
- nil or zero.
- amount too small to be expressed.
- p preliminary figures.
- r revised figures.
- x confidential to meet secrecy requirements of the Statistics Act.

Signes conventionnels

Les signes conventionnels suivants sont employés uniformément dans les publications de Statistique Canada:

- .. nombres indisponibles.
- ... n'ayant pas lieu de figurer.
- néant ou zéro.
- nombres infimes.
- p nombres provisoires.
- r nombres rectifiés.
- x confidentiel en vertu des dispositions de la Loi sur la statistique relatives au secret.

Note on CANSIM

The data published in Employment, Earnings and Hours (Catalogue No. 72-002-XPB) are also available in machine readable form through CANSIM (Canadian Socio-Economic Information Management System). Users interested in accessing data via CANSIM should contact one of Statistics Canada's regional centres at the numbers listed on the inside front cover of this publication, or contact the Marketing division, Statistics Canada, R.H. Coats Building, Ottawa, Ontario, k1A 0T6 (613) 951-8200

Note concernant CANSIM

Les données qui sont publiées dans l'Emploi, gains et durée du travail (n° 72-002-XPB au catalogue) peuvent être obtenues sous forme lisible par machine de CANSIM (Système Canadien d'information socio-économique). Les utilisateurs voulant obtenir des chiffres par l'intermédiaire de CANSIM peuvent contacter un des centres de consultation de Statistique Canada dont les numéros de téléphone figurent à l'endos du couvert de cette publication ou en communiquant directement avec la division du marketing, Statistique Canada, Immeuble R.H. Coats, Ottawa, Ontario, K1A 0T6 (613)951-8200.

Design your own table

Design your own table to order Employment, Payrolls and Hours data in the detail you need it. All data collected by the survey can be custom tabulated to meet your particular data needs. A consultant will help you custom design your tabulation. Our office is open from 8:00 A.M. to 4:30 P.M..

Telephone: (613) 951-4090 Facsimile: (613) 951-4087 Internet: labr@statcan.ca

The paper used in this publication meets the minimum requirements of American National Standard for Information Sciences - Permanence of Paper for Printed Library Materials, ANS1 Z39.48 - 1984.

Le papier utilisé dans la présente publication répond aux exigences minimales de l'"American National Standard for Information Sciences" - "Permanence of Paper for Printed Library Materials", ANSI Z39.48-1984.

Survey Overview

The monthly Survey of Employment, Payrolls and Hours is designed to measure the levels and month-to-month trends of payroll employment, paid hours and earnings. The data are compiled at detailed industrial levels for Canada, provinces and territories.

The target population is composed of all employers in Canada, except those in agriculture, fishing and trapping, private households services, religious organizations and defence services. Conceptually, the SEPH reference period is the last seven days of the month, but the questionnaire asks respondents to report for the last pay period in the month.

Methodology

The statistics contained in this publication are based on:

- a census of establishments within enterprises with a complex structure and having approximately 300 or more employees,
- a census of administrative records having approximately 100 employees or more,
- a sample of administrative records having approximately 99 employees or less,
- a sample survey (BPS) conducted to estimate the variables not reported on administrative records.

The total payroll employment estimates are derived by adding up the employment data obtained by integrating two different sources, the Establishment survey and the Administrative records. However, processes are independent for the sample selection, data collection and estimation. The Establishment Survey accounts for about 35% of the total payroll employment, while the remaining portion is from Administrative records. The Business Payrolls Survey (BPS) is conducted monthly to collect data that is utilized in the calculation of ratios and regression coefficient needed to estimate data not reported on the administrative records. Combining different sources, BPS, Administrative Survey, and Establishment Survey results in the full range of SEPH variables.

TERMS AND DEFINITIONS

Industry classification: On the basis of its principal activity, each establishment is assigned an industry code according to the 1980 Standard Industrial Classification (SIC). A description of the various industries and groups of industries is contained in the "Standard Industrial Classification Manual", Catalogue 12-501-XPB. In the tables of this publication, a column is identified "S.I.C. Code" and

Aperçu de l'enquête

L'enquête mensuelle sur l'emploi, la rémunération et les heures a pour objet de mesurer les niveaux et les tendances mensuelles de l'ensemble des salariés inscrits sur la liste de paye, des heures rémunérées et des gains. Ces données sont rassemblées à des niveaux détaillés selon l'activité économique pour le Canada, les provinces et les territoires.

La population cible comprend tous les employeurs au Canada sauf ceux des secteurs de l'agriculture, de la pêche et du piégeage, des services domestiques, des ménages, des organismes religieux et des services de la défense. En théorie, la période de référence de l'EERH correspond aux sept derniers jours du mois, mais les répondants doivent remplir le questionnaire en tenant compte de la dernière période de paye du mois.

Méthodologie

Les statistiques comprises dans la présente publication sont fondées sur:

- un recensement d'établissements à l'intérieur d'entreprises ayant une structure complexe et comprenant approximativement plus de 300 salariés.
- un recensement des dossiers administratifs comprenant approximativement 100 salariés ou plus,
- un échantillon des dossiers administratifs comprenant approximativement 99 salariés ou moins,
- une enquête-échantillon (ERE) servant de base pour estimer les variables non rapportées sur les dossiers administratifs.

Le nombre total de salariés inscrits sur la liste de paye est obtenu en additionnant l'emploi provenant de deux différents volets de l'enquête soit celui des enquêtes sur les établissements et celui des dossiers administratifs. Toutefois, les procédés sont distincts pour le choix de l'échantillon, la collecte des données et les estimations. L'enquête sur les établissements représente environ 35% du total des salariés inscrits sur les listes de paye, le reste provenant des dossiers administratifs. L'Enquête sur la rémunération auprès des entreprises (ERE) est effectuée chaque mois en vue de recueillir des données afin de calculer des ratios et des coefficients de régression, servant à estimer les données qui ne sont pas rapportées sur les dossiers administratifs. Ces différents volets soit l'ERE, les dossiers administratifs ainsi que l'enquête sur les établissements sont combinés en vue de produire toutes les variables propres à l'EERH.

TERMES ET DÉFINITIONS

Classement par activité économique: Un code d'activité économique tiré de la Classification type des industries de 1980 (CTI) est attribué à chaque établissement selon sa principale activité. Les industries et les différents groupes industriels sont décrits dans le manuel "Classification Type des Industries 1980" catalogue 12-501-XPB. Dans les tableaux de cette publication, une colonne est identifiée "CTI 1980". Ces codes correspondent

corresponds to that manual. SEPH has 281 industry groups in scope. For analytical purposes, special groupings which are not part of the Standard Industrial Classification, have been created.

- a) Industrial aggregate (000-999) represents the sum of all the industries included in the survey. Since January 1994, employment estimates for the Industrial aggregate include the unclassified businesses.
- b) Unclassified businesses (000) represents businesses that have not yet been classified to an SIC, a province or a territory. Since January 1994, employment estimates for industrial aggregate includes the unclassified businesses.
- Goods-producing industries (041-449)(491-499) consist of the following industries; forestry, mining, manufacturing, construction and other utilities industries.
- d) Service-producing industries (451-484)(501-999) consist of the following industries; transportation, communication and storage, trade, finance and insurance, services (except religious organizations and private households) and public administration industries (except for defence services and other government services).
- e) Durable goods (39U) manufacturing consist of the following industries; wood (251-259), furniture and fixtures (261-269), primary metal (291-299), fabricated metal products (301-309), machinery (311-319), transportation equipment (321-329), electrical and electronic products (331-339) and non-metallic mineral products (351-359).
- f) Non-durable goods (37U) manufacturing consist of the following industries; food (101-109), beverage (111-114), tobacco (121-122), rubber products (151-159), plastic products (161-169), leather products (171), primary textile (181-183), textile products (191-199), clothing (243-249), paper and allied products (271-279), printing, publishing and allied (281-284), refined petroleum and coal products (361-369), chemical and chemical products (371-379) and other manufacturing industries (391-399).
- g) Commercial services (95U) consist of the following industries; business services (771-779), accommodation services (911-914), food and beverage services (921-922), amusement and recreational services (961-969), personal services (971-979), membership organization (982-986) and other service industries (991-999).
- Non-commercial services (94U) consist of the following industries; educational and related services (851-859) and health and social services (861-869).
- Banks (700) consist of the following industries; Central Bank (701), Chartered Banks and other banking-type intermediaries (702).

- à ce manuel. On compte 281 groupes d'activités visées pa l'EERH. À des fins analytiques, nous avons créé des groupes spéciaux qui ne figurent pas dans la Classification type des industries.
- a) Ensemble des industries (000-999) représente la somme de toutes les industries visées par l'enquête. Depuis janvie 1994, l'emploi pour l'ensemble des industries comprend les entreprises non classifiées.
- b) Les entreprises non classifiées (000) représentent des entreprises n'ayant pas été identifiées à une classificatior industrielle, une province ou un territoire. Depuis janvier 1994 l'emploi des entreprises non classifiées est compris dans l'ensemble des industries.
- Branche productrice de biens (041-449)(491-499) englobe les industries suivantes; forêts, mines, manufactures, construction et autres services publics.
- d) Branche productrice de services (451-484)(501-999) englobe les industries suivantes; transports, communications e entreposage, commerce, finances et assurances, services (sauf les organismes religieux et les ménages privés) e l'administration publique (excepté les services de la défense et autres services gouvernementaux).
- e) Biens durables (39U) des industries manufacturières englobe les industries suivantes; bois (251-259), meubles et articles d'ameublement (261-269), première transformation des métaux (291-299), fabrication des produits métalliques (301-309), machinerie (311-319), matériel de transpor (321-329), produits électriques et électroniques (331-339) e produits minéraux non métalliques (351-359).
- f) Biens non durables (37U) des industries manufacturières englobe les industries suivantes; aliments (101-109), boissor (111-114), tabac (121-122), produits en caoutchouc (151-159) produits en matière plastique (161-169), cuir (171), première transformation du textile (181-183), produits textiles (191-199) habillement (243-249), papier et produits connexes (271-279) imprimerie, édition et industries connexes (281-284), produits raffinés du pétrole et du charbon (361-369), produit chimiques (371-379) et autres industries manufacturières (391-399).
- g) Services commerciaux (95U) englobe les industries suivantes services aux entreprises (771-779), hébergement (911-914) restauration (921-922), services de divertissements et loisirs (961-969), services personnels (971-979), associations commerciales (982-986) et autres industries de services (991 999).
- Services non commerciaux (94U) englobe les industries suivantes; services d'enseignement et services annexes (851 859) et services de soins de santé et services sociaux (861 869).
- Banques (700) englobe les industries suivantes; banque centrale (701) et banques à charte et autres intermédiaires de type bancaire (702).

- j) Other amusement and recreational services (960) consist of the following industries; commercial spectator sports (964), gambling operations (966) and other amusement and recreational services (969).
- k) Public Administration (812-837) contains only the establishments engaged in activities that are governmental in character and those serving as internal service agencies of the public service. Government owned establishments primarily engaged in activities assigned to other industries are classified in those industries along with similar establishments owned by non-government bodies. Therefore, data included in this industry division do not represent the actual number of persons employed by government at any level.

Variables

Employee

The employment is derived by adding up data derived from two sources; the establishment survey and from the administrative records. Since the data for the different employee categories are not reported on the administrative records the BPS survey is conducted to estimate ratios needed to calculated those variables.

The survey determines an employee as being any person drawing pay for services rendered or for paid absences and for whom the employer must complete a Revenue Canada T-4 Supplementary Form.

The employee concept includes full-time employees, parttime employees (those who regularly work fewer hours than the standard work week of the establishment). It also comprises working owners, directors, partners and other officers of incorporated businesses.

The definition excludes owners or partners of unincorporated businesses, the self-employed, unpaid family workers, persons working outside Canada, military personnel and casual workers for whom a T-4 is not required. It also excludes those who did not receive any pay from the employer for the entire survey reference period (e.g. persons on strike, persons on unpaid holidays, persons receiving remuneration from an insurance, Workmens' compensation or other related fund, etc.). However, employees paid for part of the reference period and unemployed or on strike for the rest of this period are included in the survey.

The employees are classified into the following categories:

 a) Employees paid by the hour: any employee whose basic wage is expressed as an hourly rate.

- j) Services de divertissements et de loisirs (960) englobe les industries suivantes; sports commerciaux (964), loteries et jeux de hasard (966) et autres services de divertissements et de loisir (969).
- k) Administration publique (812-837) comprend seulement les établissements dont les activités ont un caractère essentiellement gouvernemental, et les organismes auxiliaires assurant les services internes de l'État. Les établissements publics dont l'activité dominante relève d'autres activités économiques sont classés sous les mêmes rubriques que les établissements privés semblables. Ainsi, les données publiées pour cette division économique ne représentent pas le nombre réel de personnes employées par les différents pouvoirs publics.

Variables

Salarié

L'emploi est obtenu en additionnant les données provenants de sources différentes; l'enquête sur les établissements et des dossiers administratifs. Toutefois les estimations pour les différents types d'emplois ne sont pas rapporter sur les dossiers administratifs, l'enquête ERE est effectuée en vue de recueillir des données afin de calculer les ratios servants à estimer ces variables.

L'enquête définie un employé comme étant: toute personne rétribuée pour ses services ou ses absences et pour laquelle l'employeur doit remplir une déclaration T-4 Supplémentaire de Revenu Canada.

Le terme "salarié" désigne les salariés à temps plein et à temps partiel (ceux qui travaillent régulièrement un nombre d'heures inférieur à la semaine normale de travail de l'entreprise). Il désigne aussi les propriétaires, administrateurs, associés et autres dirigeants actifs des entreprises constituées en corporation.

Le concept de salarié exclut les propriétaires et les associés des entreprises non constituées en corporation, les travailleurs autonomes, les travailleurs familiaux non rémunérés, les personnes travaillant à l'extérieur du Canada et le personnel militaire et les employés occasionnels dont l'employeur n'est pas tenu de remplir la formule T4. Sont également exclus les travailleurs n'ayant pas reçu de paye de leur employeur pendant la période de référence de l'enquête (c.-à-d. les personnes en grève, en congé non payé, les personnes recevant une rémunération aux termes d'un régime d'assurance, d'une caisse d'indemnisation des accidents au travail ou d'un régime analogue, etc.). Cependant, les travailleurs rémunérés pour une partie de la période de référence et en chômage ou en grève pour le reste de la période sont inclus dans l'enquête.

Les salariés sont classés dans les catégories suivantes:

 a) Salariés rémunérés à l'heure: tout salarié dont la rémunération de base est calculée selon un taux horaire. Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education industries, represent in this category *non-teaching staff:* All employees other than teachers and academic staff, for example; president, vice-president, librarian, registrar, bursar, accountant, guidance counsellor, laboratory technician, personnel officer and other services (janitor, caretaker, bus driver, etc.).

b) *Salaried employees: any employee whose basic remuneration is a fixed amount for at least one week. Although this variable is not included in this document, the data remains available.

Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education industries, represent in this category *teaching staff:* those classified as teachers, instructors or academics in the payroll records (e.g. principal, professor, dean, head of department, master, teacher, etc.) whether they teach during the day or evening. Supply or substitute teachers are excluded.

c) *Other employees: those employees whose basic remuneration is in the form of commissions, piece rates, mileage allowances, etc. Although this variable is not included in this document, the data remains available

Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education industries, represent in this category *supply or substitute teachers*: teachers who are called in as needed either to augment existing staff or as short-term replacements for a full-time or part-time teachers.

Weekly Payrolls:

Weekly payrolls are defined as the portion of gross monthly payrolls that reflect work performed during the reference week. It represents the gross dollar value before deductions for income taxes, enemployment insurance contributions etc.., including regular pay, overtime and a portion of bonuses, commissions and other type of special payments. The payroll concept excludes dollar amounts that are taxable allowances and benefits, certain types of non-wage compensation as well as employer contributions to unemployment insurance, Canada/Quebec pension plans, provincial medical plans, workers compensation and other welfare plans. Some annual special payments are excluded while other lump sum special payments are adjusted to coincide with the reference week period. The payroll is derived by adding up data derived from two sources, the Establishment survey and the Administrative records.

L'emploi pour les industries d'enseignement élémentaire et secondaire (851), post secondaire (852) et universitaire (853), représente dans cette catégorie le *personnel non enseignant*: tous les salariés autres que le personnel enseignant, c'est-à-dire le président, le vice-président, le bibliothécaire, le secrétaire général, l'économe, le comptable, les orienteurs, les techniciens de laboratoire, les agents du personnel ainsi que les autres services (le concierge, pourvoyeur, chauffeur d'autobus, etc.)

b) *Employés: tout salarié dont la rémunération de base constitue une somme fixe versée pour au moins une semaine. Même si cette variable ne figure pas dans ce document, elle demeure disponible.

L'emploi pour les industries d'enseignement élémentaire et secondaire (851), post secondaire (852) et universitaire (853), représente dans cette catégorie le *personnel enseignant*: tout travailleur classé comme enseignant ou chargé de cours dans les dossiers du service de la paye (directeur, professeurs, doyens, chefs de département, maîtres, enseignants, etc.), qu'il enseigne le jour ou le soir. Les suppléants ou remplaçants sont exclus.

c) *Autres salariés: tout salarié dont la rémunération de base se présente sous forme de commissions, de salaire à la pièce, d'indemnités de milage, etc. Même si cette variable ne figure pas dans ce document, elle demeure disponible.

L'emploi pour les industries d'enseignement élémentaire et secondaire (851), post secondaire (852) et universitaire (853), représente dans cette catégorie le personnel *suppléants ou remplaçants*: enseignants appelés à se présenter au travail lorsqu'on a besoin de leurs services soit pour accroître le personnel existant, soit pour remplacer pendant une courte période un enseignant à temps plein ou à temps partiel.

Rémunération hebdomadaire brute:

La rémunération brute est défénie comme étant la partie de la rémunération hebdomadaire brute qui reflète le travail accompli durant la semaine de référence. Ça représente la valeur brute en dollars avant les déductions pour l'impôt sur le revenu, les contributions à l'assurance-chômage etc.., incluant le salaire régulier, le surtemps et la partie bonis, commissions et tout autres types de paiements spéciaux. Les concepts sur la rémunération, ne comprend pas les montants en dollars qui représentent des allocations et des avantages imposables, certains types d'indemnités non salariales ainsi que les cotisations patronales à l'assurance-chômage, au régime de pension du Canada ou au Régime des rentes du Québec, aux régimes d'assurance-maladie provinciaux, aux caisses d'indemnisation des accidents du travail et à d'autres régimes de prévoyance. Les paiements annuels spéciaux sont exclus tandis que les paiements forfaitaires spéciaux sont rajustés de façon à coïncider avec la semaine de référence. La rémunération brute est obtenue en additionnant les données provenant de sources différentes soit l'enquête sur les établissements et les dossiers administratifs.

Average weekly earnings for all employees:

Average weekly earnings are derived by dividing total weekly payrolls by the payroll employment.

Average weekly hours for employees paid by the hour and standard work week for salaried employees:

Average weekly hours are obtained by dividing the total paid weekly hours for employees paid by the hour by the number of employees paid by the hour. Total paid hours are defined as all hours paid including overtime hours plus hours of paid absence. Although the standard work week for salaried employees is not included in this document, this data remains available.

Average hourly earnings (including overtime) for employees paid by the hour:

Is obtained by dividing the total weekly payrolls for employees paid by the hour by the total number of weekly hours for employees paid by the hour. Average hourly earnings are calculated for the hourly-rated employees and for the *salaried employees.

*Data for other employees are available directly from the Labour Division ((613) 951-4090).

Rémunération hebdomadaire moyenne pour l'ensemble des salariés:

La rémunération hebdomadaire moyenne est calculée en divisant la masse salariale brute imposable par le nombre de salariés inscrits sur la liste de paye.

Heures hebdomadaires moyennes pour les salariés rémunérés à l'heure et la semaine normale de travail des employés:

Les heures hebdomadaires moyennes sont calculées en divisant le nombre total d'heures hebdomadaires rémunérées des salariés rémunérés à l'heure par le nombre de salariés rémunérés à l'heure. Le nombre total d'heures rémunérées est défini comme étant toutes les heures payées y compris les heures supplémentaires et les heures d'absence payées. Même si le nombre d'heures dans une semaine normale de travail ne figure pas dans ce document, ces données demeurent disponibles.

Rémunération horaire moyenne (incluant le temps supplémentaire) des salariés rémunérés à l'heure:

La rémunération horaire moyenne est calculée en divisant la rémunération hebdomadaire brute des salariés rémunérés à l'heure par le nombre d'heures travaillées de ces même salariés. La rémunération horaire moyenne est calculée à l'égard des salariés rémunérés à l'heure et des *employés.

*Les données pour les autres salariés sont disponibles auprès de la division du travail au ((613) 951-4090).

Highlights

The total number of employees on business payrolls rose by 75,000 in November as the work resumption by Ontario's teachers was partly offset by a national strike of Canada Post workers.

Faits Saillants

Le nombre total de personnes sur les listes de paye des entreprises a augmenté de 75 000 en novembre, alors que le retour au travail des enseignants de l'Ontario fut partiellement contrebalancé par la grève nationale des travailleurs de la Société canadienne des postes.

Highlights

Faits saillants

Employment, Earnings and Hours November 1997 (preliminary) Seasonally adjusted

The total number of employees on business payrolls rose by 75,000 in November as the work resumption by Ontario's teachers was partly offset by a national strike of Canada Post workers. Employment levels by province were either little changed or down from the previous month in all provinces except Ontario, where employment increased by 117,000.

Emploi, gains et durée du travail Novembre 1997 (données provisoires) Données désaisonnalisées

Le nombre total de personnes sur les listes de paye des entreprises a augmenté de 75 000 en novembre, alors que le retour au travail des enseignants de l'Ontario fut partiellement contrebalancé par la grève nationale des travailleurs de la Société canadienne des postes. Dans toutes les provinces, sauf en Ontario (+117 000), l'emploi a baissé ou démontré peu de changement comparativement au mois précédent.

The total number of employees on business payrolls rose by 75,000 in November as the work resumption by Ontario's teachers was partly offset by a national strike of Canada Post workers.

Le nombre total de personnes sur les listes de paye des entreprises a augmenté de 75 000 en novembre, alors que le retour au travail des enseignants de l'Ontario fut partiellement contrebalancé par la grève nationale des travailleurs de la Société canadienne des postes.

Employees earned an average of \$601.64 per week in November. Compared with 1996, average weekly earnings increased by 1.5%. Employees in construction, wholesale trade and finance, insurance and real estate had increases in earnings greater than the all industries average. Meanwhile, employees in education, health and social services, accommodation, food and beverage services and public administration recorded year-over-year average declines in earnings since November, 1996.

Following the return to work by Ontario teachers in November, average weekly earnings in education and related services returned to usual levels, rising 5.5% from October. Average weekly earnings in transport, communications and other utilities were affected by the strike by Canada Post workers in November. Earnings in this industry are expected to return to trend levels in December.

La rémunération hebdomadaire moyenne des salariés a atteint 601,64\$ en novembre. Au cours de la dernière année, la rémunération des salariés a augmenté de 1,5%. Les salariés des industries de la construction, du commerce de gros et de la finance, des assurances et des affaires immobilières ont tous connu des hausses de rémunération supérieures à la moyenne globale. Quant aux salariés des secteurs de l'éducation, des services de soins de santé et des services sociaux, de l'hébergement et de la restauration, de même que de l'administration publique, ils ont tous enregistré une baisse de la rémunération hebdomadaire moyenne, par rapport à novembre 1996

À la suite du retour au travail des enseignants en Ontario, la rémunération hebdomadaire moyenne des salariés des services d'enseignement et des services annexes est revenue à la normale en novembre (+5,5% comparativement à octobre). En novembre, la rémunération hebdomadaire moyenne dans le secteur du transport, des communications et des autres services publics, a subi les effets de la grève des travailleurs de la Société canadienne des postes. La rémunération dans cette industrie devrait revenir au niveau antérieur en décembre.

Employers in manufacturing and business services continued to expand their paid work force in November. Manufacturers added 4,000 employees and business services added 3,000 workers to company payrolls. These industries have combined for an increase of more than 100,000 jobs since January. Employment gains in these industries are coincident with increases in manufacturing shipments and activity levels in business services over the same time period.

The average number of hours paid per week, for employees paid by the hour, rose slightly to 31.2 hours in November. Average weekly hours have been steady since November 1996 with small month-to-month changes showing no persistent trend. Total overtime hours are down since the fall of 1996, after recording substantial increases earlier in that year.

Les industries manufacturières et les services aux entreprises ont continué d'accroître le nombre de leurs salariés en ajoutant respectivement 4 000 et 3 000 employés à leurs listes de paye en novembre. Ces industries ont représenté une hausse de plus de 100 000 emplois au total depuis janvier. L'augmentation de l'emploi dans ces industries a coïncidé avec la hausse des livraisons manufacturières et le niveau d'activité des services aux entreprises pour la même période.

La moyenne du nombre d'heures payées par semaine pour les employés rémunérés à l'heure a augmenté à 31,2 heures en novembre. La moyenne hebdomadaire d'heures est demeurée stable depuis novembre 1996, incluant des variations mensuelles mineures, de même qu'aucune tendance significative. Le total des heures supplémentaires a également baissé depuis l'automne 1996, après les hausses substantielles plus tôt cette année.

Tableau 1

Estimations désaisonnalisées de l'emploi, pour l'ensemble des salariés, pour une sélection d'industries, Canada, provinces et territoires, (1993-1997).

Employment increased in November by 75,467 to 11,391,657 from last month's 11,316,190. The rise was due in part to the return of striking Ontario teachers and offset partly by a work stoppage in the postal service. Employers have added 121,000 jobs since January of this year.

En novembre, l'emploi est passé de 11 316 190 à 11 391 657, soit une augmentation de 75 467 par rapport au mois précédent. L'augmentation était due en partie au retour au travail des enseignants de l'Ontario et partiellement contrebalancée par un arrêt de travail des services des postes. Les employeurs ont ajouté 121 000 emplois depuis janvier 1997.

Tableau 2

Seasonally Adjusted Estimates of Average Weekly Earnings, for All Employees, for Selected Industries, Canada, Provinces and Territories, (1993-1997).

Estimations désaisonnalisées de la rémunération hebdomadaire moyenne, pour l'ensemble des salariés, pour une sélection d'industries, Canada, provinces et territoires, (1993-1997).

Average weekly earning increased to \$601.64 from \$596.25 in November reflecting the return of the striking teachers. Leading the increases were gains in the education & construction industries. Ontario, North West Territories, Newfoundland and Prince Edward Island. registered the largest increases.

La rémunération hebdomadaire moyenne est passé de 596,25\$ à 601,64\$ en novembre, reflétant ainsi le retour des enseignants en grève. Les industries de l'éducation et de la construction menaient les hausses. L'Ontario, les territoires du nord-ouest, Terre-Neuve et l'Île-du-Prince-Édouard ont enregistré les augmentations les plus importantes.

Tableau 3

Fixed-weighted Indexes (1986=100) of Average Hourly Earnings, for All Employees, for Selected Industries, Canada, Provinces and Territories, (1993-1997).

Indices à pondération fixe (1986=100) de la rémunération horaire moyenne, pour l'ensemble des salariés, pour une sélection d'industries, Canada, provinces et territoires, (1993-1997).

In November, the fixed weighted index of average hourly earnings was below the level of the index in November, 1996. Earnings weakness in service producing industries, especially community, business and personal services were responsible for the year-over-year decline of the index for the industrial aggregate.

En novembre, l'indice à pondération fixe de la rémunération horaire moyenne était inférieur au niveau de novembre 1996. La faiblesse de la rémunération dans la branche productrice de services, plus particulièrement dans les services socio-culturels, commerciaux et personnels était principalement responsable de la baisse annuelle de l'indice pour l'ensemble des industries.

Tableau 4

Number of Industries Showing Year-Over-Year Increases in Employment, for Selected Industries, Canada, (1993-1997). Nombre d'industries démontrant des augmentations d'emploi d'une année à l'autre, pour une sélection d'industries, Canada (1993-1997).

The number of industries showing year-over-year employment gains decreased in November. 152 of 214 industries recorded gains in November, down from 165 industries recording year-over-year gains in October. Industries losing employment were concentrated in manufacturing and retail trade.

En novembre, le nombre d'industries affichant une croissance annuelle d'emploi était à la baisse. Des 214 industries, 152 industries ont enregistré des gains en novembre. Ceci représente une baisse comparativement à octobre, alors que 165 industries ont enregistré une croissance d'une année à l'autre. Les baisses d'emploi se sont surtout manifestées dans les industries manufacturières et le commerce de détail.

Employment, Earnings and Hours, 1997 Statistics Canada - Cat. No. 72-002-XPB

Tableau 5

Estimates of Employment, Payrolls and Average Weekly Earnings, for All Employees, by Industry, Canada, Provinces and Territories.

Estimations de l'emploi, de la rémunération brute et de la rémunération hebdomadaire moyenne, pour l'ensemble des salariés, par industrie, Canada, provinces et territoires.

Average weekly earnings for trade industries in Canada rose from \$439.30 in November 1996, to \$453.35 in November 1997. Most of the growth was in wholesale trade with an increase of \$27.25 in the past year.

Au Canada, la rémunération hebdomadaire moyenne dans les industries du commerce est passée de 439,30\$ en novembre 1996 à 453,35\$ en novembre 1997. Le commerce de gros menait cette croissance avec une augmentation de 27,25\$ durant la dernière année.

:mployment, Earnings and Hours, 1997 :tatistics Canada - Cat. No. 72-002-XPB

Tableau 6

Estimates of Employment, Average Hourly Earnings and Hours, for Employees Paid by the Hour, by Industry, Canada, Provinces and Territories. Estimations de l'emploi, de la rémunération horaire moyenne et des heures, pour les salariés rémunérés à l'heure, par industrie, Canada, provinces et territoires.

In November, the average hourly earnings (including overtime) for hourly paid employees was \$15.00, up from the November 1996 level of \$14.96. This increase stemmed from the service producing industries where the average hourly earnings increased to \$13.43 from \$13.30 recorded one year ago. For the goods producing industries, the average hourly earnings for November 1997 was close to the November 1996 level.

En novembre, la rémunération horaire moyenne (incluant le temps supplémentaire) pour les salariés rémunérés à l'heure, s'établissait à 15,00\$ soit une hausse de 14,96\$ comparativement au niveau de novembre 1996. Les industries dans la branche productrice de services ont mené cette croissance avec une hausse de la rémunération horaire moyenne de 13,43\$ comparativement à 13,30\$ enregistré l'an dernier. Dans la branche productrice de biens, le niveau de la rémunération horaire moyenne était près du niveau de novembre 1996.

Tableau 7

Estimates of Employment, Average Hourly Earnings and Hours, for Salaried Employees, by Industry, Canada, Provinces and Territories.

Estimations de l'emploi, de la rémunération horaire moyenne et des heures, pour les employés (à salaire fixe), par industrie, Canada, provinces et territoires.

In November, average weekly earnings (including overtime) for salaried employees was \$763.66, an increase of 1.8% from one year ago. All provinces and territories with the exception of Newfoundland, Prince Edward Island and British Columbia contributed to this increase with the largest year to year increase occurring in Alberta (+5.1%).

En novembre, la rémunération hebdomadaire moyenne (incluant le temps supplémentaire) pour les employés s'établissait à 763,66\$ soit une augmentation de 1,8% par rapport à novembre 1996. À l'exception de Terre-Neuve, l'Île-du-Prince-Édouard et la Colombie-Britannique, toutes les provinces et territoires ont contribué à cette augmentation annuelle. L'Alberta venait en tête avec une augmentation de +5,1%.

Establishment: is a survey based on a census of establishment (questionnaires sent on a monthly basis).

Administrative data: data derived from the monthly payroll deduction forms (PD7 forms) from Revenue Canada. There are two types of payroll deduction (PD) accounts.

- PD7A refers to monthly remitters (small businesses reporting once a month.
- TM refers to accelerated remitters (medium and large businesses reporting more than once a month).

Établissement: est une enquête basée sur un recensement d'établissements (questionnaires envoyés mensuellement).

Données administratives: données provenant des formulaires de retenue sur la paye (formulaires PD7) de Revenu Canada. Il existe deux genres de comptes de retenues sur la paye (RP).

- PD7A se rapporte aux remises mensuelles (petites entreprises effectuant une remise par mois).
- TM se rapporte aux remises accélérées (moyennes et grandes entreprises effectuant plus d'une remise par mois).

Canada: A Portrait

A Memorable Journey Through Canada

A book to captivate everyone, Canada: A Portrait is a compelling record in words and pictures of the excitement and diversity of present-day Canada. This all-new edition of Statistics Canada's proven bestseller features a striking full-colour dustjacket reproduction of Sweetgrass, the rich impressionistic painting by Canadian artist Frank Mayrs. Once you open its appealing cover, you will discover that Canada: A Portrait not only delights the eve. it stimulates the imagination. Each page is brimming with lively and intriguing facts, bringing to life the personality and charisma of Canada in a clear, easy-to-read and entertaining narrative.

Un portrait du Canada Un voyage mémorable à travers le Canada

Un portrait du Canada captivera tout le monde. C'est un recueil irrésistible. en mots et en images, de tout ce qui fait le dynamisme et la diversité du Canada d'aujourd'hui. Cette nouvelle édition de l'indiscutable best-seller de Statistique Canada offre, sur la jaquette, un magnifique paysage impressionniste, intitulé Sweetgrass, de l'artiste canadien Frank Mayrs. Dès la première page, vous serez fasciné par la beauté des images et du texte et vous laisserez vagabonder votre imagination. Chaque page regorge de faits vivants et intrigants donnant vie au caractère et au magnétisme du Canada dans une langue claire, simple et prenante.

From the important to the whimsical...

Canada: A Portrait presents you with the perfect opportunity to explore Canada at your leisure with just the turn of a page. Investigate the diverse regions of Canada from Mount Logan in the Yukon to the St. John River in New Brunswick. Delve into the heartbeat of Canada's society: Who are we? Where do we live? What do we believe in? See how the economy is evolving and what makes it tick. Learn about the activities enjoyed by today's Canadians, such as opera and hockey and home computers. Canada: A Portrait offers a complete examination of this unique country and reflects many interesting perspectives.

The Land, The People, The Society, Arts and Leisure, The Economy and Canada in the World

Six chapters provide a guided tour of both the physical and the human landscape of Canada. Each chapter is enriched with personal insights on "being Canadian," shared with you by such eminent people as Myriam Bédard, Gerhard Herzberg and Joe Schlesinger and is adorned with a gallery of imaginative pictorial images.

Share the Canada: A Portrait experience with your family, friends and colleagues

Its charming format, rich design, intriguing content and attractive price make this a keepsake volume, ideal both to give and to receive.

Canada: A Portrait is available for only \$39.95 in Canada (plus GST/HST, applicable PST and shipping and handling), US \$51.95 in the United States and US \$59.95 in other countries. To order, write to Statistics Canada, Operations and Integration Division, (Tirculation Management, 120 Parkdale Avenue, Ottawa, Ontario, K1A 0T6, or contact the nearest Statistics Canada Regional Reference Centre listed in this publication. Call toll-free: 1-800-267-6677 and use your Visa and MasterCard or fax your order to 1-800-889-9734.

De l'important au fantaisiste...

Un portrait du Canada vous permet de visiter le pays durant vos moments libres simplement en tournant les pages. Du mont Logan (Yukon) à la rivière Saint-Jean (Nouveau-Brunswick), tâtez le pouls des différentes régions du Canada. Fouillez au coeur même de la société canadienne: Qui sommes-nous? Où vivons-nous? Quelles sont nos croyances? Voyez comment l'économie évolue et pourquoi elle tourne. Découvrez les activités préférées des Canadiens d'aujourd'hui: de l'opéra au hockey jusqu'à l'ordinateur familial. Un portrait du Canada offre un examen complet de ce pays unique reflétant des perspectives intéressantes.

Le territoire, La population, La société, Les arts et les loisirs, L'économie et Le Canada dans le monde

Un tour guidé du paysage physique et humain du Canada vous est offert en six chapitres, chacun est parsemé d'oeuvres pleines d'imagination et est enrichi d'un message personnel sur le fait «d'être Canadien». Ces messages sont partagés par d'éminents Canadiens tels que Myriam Bédard, Gerhard Herzberg et Joe Schlesinger.

Partagez cette expérience avec votre famille, vos amis et vos collègues

Son format attrayant, son design riche, son contenu intrigant et son prix alléchant font d'**Un portrait du Canada** un cadeau idéal à donner ou à recevoir.

Un portrait du Canada est en vente à seulement 39,95 \$ au Canada (TPS/TVH, TVP et frais de port et de manutention applicables en sus), 51,95 \$ LS uax hista-l'ulies et 99,95 \$ LS dans les autres pays. Pour commander, écrivez à Statistique Canada, Division des opérations et de l'intégration, Direction de la circulation, 120, avenue Parkdale, Ottawa (Ontario) K1A 0T6 ou communiquez avec le Centre de consultation régional de Statistique Canada le plus près (fal liste figure dans la présente publication). Ou encore, téléphonez sans frais au 1-800-167-6677 et portez les frais à votre compte VISA ou MasterCard ou télécoplez votre commande au 1-800-889-9734.

THE STATISTICS CANADA EARLY MORNING START-UP SPECIAL

Every morning at 8:30 a.m., Monday to Friday, Internet users can display the day's top socio-economic data simply by selecting *Daily News* on Statistic Canada's Web site at www.statcan.ca. There is no charge for this service.

The Daily is an early-bird review of the latest official data and information released by Statistics Canada. Key economic indicators like employment rates and the Consumer Price Index, in addition to a wide range of business-related information, make The Daily the #1 choice for business people who want to keep up-to-date on the country's most important economic developments ... as they happen. It is also the best source for concise briefs on the state of the economy and Canadian society in general.

HERE'S JUST A TASTE OF WHAT YOU'LL FIND AT OUR SITE:

- gross domestic product
- income characteristics
- household information
- population statistics
- motor vehicle sales
- fuel prices
- international trade
- agricultural data
- employment rates
- consumer price indexes

WORKING DAY

- international transactions in securities
- census data

investment

- wholesale and retail trade
- national accounts and balance of payments
- shipments
- travel statistics
- construction
- manufacturing
 - ... and more

FIND OUT WHY JOURNALISTS ACROSS CANADA ACCESS THE DAILY EVERY

The media has long relied on *Tbe Daily* for the information contained in many of the news reports Canadians read or listen to on a regular basis. Now you, too, can link up to this same information quickly and conveniently. What's more, *Tbe Daily* will keep you tuned to the timing and delivery of major Statistics Canada releases and the arrival of our newest products and services.

So, pull up a chair and visit us at our Web site soon. We want your day to get off to the right start.

POUR PARTIR DU BON PIED : **LE QUOTIDIEN** DE STATISTIQUE CANADA

Le Quotidien permet un survol rapide des plus récentes données et analyses officielles que diffuse Statistique Canada. Des indicateurs économiques clés tels que les taux d'emploi et les indices des prix à la consommation, auxquels s'ajoute l'éventail des données sur l'activité commerciale, font du Quotidien le choix idéal pour les gens d'affaires qui souhaitent être informés des faits saillants de l'économie... dès qu'ils surviennent. C'est aussi la source par excellence de résumés succincts sur l'état de l'économie et de la société canadienne en général.

Success is within your reach

when you subscribe to the Canadian Economic Observer!

Understanding what is key to Canada's economic activity is important to virtually every successful business, particularly in today's highly competitive economy. Whether your company has 10 employees or 10,000, it's vital that you are equipped to anticipate the trends that could prove influential in the years ahead. One way is to subscribe to Canada's leading report card on the economy — the Canadian Economic Observer (CEO).

► CEO meets your needs

Whether your job requires you to access data, track trends or devise highly effective business plans, you'll find many uses for *CEO*. Packed with detailed charts, diagrams and tables, *CEO* is your hands-on tool for understanding the economy from the inside out. And *CEO* gives you the kind of in-depth, intelligent analysis you have come to expect from the world's leading statistical agency.

CEO is easy to use

Consultations with experts have contributed to *CEO*'s present, widely acclaimed format. The **Current Economic Conditions** section contains thought-provoking commentary on current issues, trends and developments. Economic growth, trade, financial market activity — all of the major economic developments across Canada are covered month to month, issue by issue.

The Economic Events section profiles developments in the previous month that had an impact on the economy. *Plus*, *CEO* has a topical Feature Article providing thoughtful insight into issues that either directly or indirectly affect all Canadians. A separate Statistical Summary carries a full range of hard data relating to important economic indicators: markets, prices, trade, demographics, unemployment and many others.

► CEO offers solutions

As a subscriber, you'll be directly connected to Statistics Canada's economic analysts. You'll also receive a copy of *CEO*'s annual *Historical Statistical Summary* at no additional charge.

VISIT OUR WEB SITES www.statcan.ca

Le succès est à la

CANADIAN L'OBSERVATEUR ECONOMIC ECONOMICUE CANADIEN

des abonnés à L'Observateur économique canadien!

Il est important pour à peu près toutes les entreprises prospères de comprendre les grandes lignes de l'activité économique, surtout dans l'économie concurrentielle d'aujourd'hui. Que votre entreprise compte dix, cent ou plus de mille employés, vous voudrez sans doute vous équiper en vue d'anticiper les tendances qui peuvent exercer une influence sur les années à venir. Un bon moyen consiste à vous abonner au principal builetin de santé économique du Canada: L'Observateur économique canadien (L'OEC).

L'OEC répond à vos besoins

Que vous ayez à consulter des données, à répérer de grandes tendances ou à concevoir des plans d'entreprises efficaces, L'OEC répondra à nombre de vos besoins. Rempli de tableaux, de graphiques et de diagrammes détaillés, L'OEC est l'outil pratique par excellence pour comprendre les

arcanes de la conjoncture économique. De plus, L'OEC vous offre le type d'analyse fouillée et intelligente à laquelle vous vous attendez d'un leader mondial dans le domaine de la statistique.

L'OEC est simple à utiliser

Des consultations avec plusieurs experts ont fait en sorte que le nouveau format de L'OEC reçoit aujourd'hui un accueil enthousiaste de la part de nos nombreux lecteurs. La section des Conditions économiques actuelles comprend des commentaires percutants sur des questions, des tendances et des développements économiques. La croissance économique, le commerce, l'activité des marchés financiers — les événements économiques marquants au Canada sont examinés dans chaque numéro mensuel

La section Événements économiques regroupe les faits d'actualité ayant eu un impact majeur sur l'économie au cours du mois précédent. *En plus, L'OBC* comprend une Étude spéciale qui examine en profondeur des sujets qui touchent directement ou indirectement presque tous les Canadiens et Canadiennes. Enfin, l'Aperçu statistique contient l'ensemble des chiffres réels pour les indicateurs économiques essentiels : les marchés, les prix, le commerce, la démographie, le chômage, et bien d'autres encore.

L'OEC vous offre des solutions

En tant qu'abonné, vous profiterez d'une communication directe avec les analystes de Statistique Canada. Vous recevrez également, sans frais additionnels, un exemplaire du Supplément statistique bistorique de L'OEC.

visitez notre site internet www.statcan.ca

Abonnez-vous dès AUJOURD'HUT à L'Observateur économique camadisen (numéro au catalogue 11-010-XPB) pour seulement 227 § au Canada (TPS/TVHE (TYP en sus, 5'll y a lieu) et 227 § US dans les autres pays. Statistics Canada Statistique Canada Canadä

Data in many forms

Statistics Canada disseminates data in a variety of forms. In addition to publications, both standard and special tabulations are offered. Data are available on the Internet, compact disc, diskette, computer printouts, microfiche and microfilm, and magnetic tape. Maps and other geographic reference materials are available for some types of data. Direct online access to aggregated information is possible through CANSIM, Statistics Canada's machine-readable database and retrieval system.

How to obtain more information

Inquiries about this publication and related statistics or services should be directed to: Analysis and Dissemination Section, Labour Division, Statistics Canada, Ottawa, Ontario, K1A 076 (telephone: (613) 951-4090) or to the Statistics Canada Regional Reference Centre in:

Halifax	(902) 426-5331	Regina	(306) 780-5405
Montréal	(514) 283-5725	Edmonton	(403) 495-3027
Ottawa	(613) 951-8116	Calgary	(403) 292-6717
Toronto	(416) 973-6586	Vancouver	(604) 666-3691
Winnipeg	(204) 983-4020		, ,

You can also visit our World Wide Web site: http://www.statcan.ca

Toll-free access is provided for all users who reside outside the local dialling area of any of the Regional Reference Centres.

Ordering/Subscription information

All prices exclude sales tax

Catalogue no. 72-002-XPB, is published monthly in a paper version for \$32.00 per issue or \$320.00 for twelve issues in Canada. Outside Canada the cost is US\$32.00 per issue and US\$32.00 for twelve issues.

Please send orders to Statistics Canada, Operations and Integration Division, Circulation Management, 120 Parkdale Avenue, Ottawa, Ontario, K1A 0T6 or by dialling (613) 951-7277 or 1 800 700-1033, by fax (613) 951-1584 or 1 800 889-9734 or by Internet: order@statcan.ca. For change of address, please provide both old and new addresses. Statistics Canada publications may also be purchased from authorized agents, bookstores and local Statistics Canada offices.

Standards of service to the public

Statistics Canada is committed to serving its clients in a prompt, reliable and courteous manner and in the official language of their choice. To this end, the agency has developed standards of service which its employees observe in serving its clients. To obtain a copy of these service standards, please contact your nearest Statistics Canada Regional Reference Centre.

Des données sous plusieurs formes

Statistique Canada diffuse les données sous formes diverses. Outre les publications, des totalisations habituelles et spéciales sont offertes. Les données sont disponibles sur Internet, disque compact, disquette, imprimé d'ordinateur, microfiche et microfilm, et bande magnétique. Des cartes et d'autres documents de référence géographiques sont disponibles pour certaines sortes de données. L'accès direct à des données agrégées est possible par le truchement de CANSIM, la base de données ordinolingue et le système d'extraction de Statistique Canada.

Comment obtenir d'autres renseignements

Toute demande de renseignements au sujet de la présente publication ou au sujet de statistiques ou de services connexes doit être adressée à : Section de l'analyse et de la diffusion, Division du travail, Statistique Canada, Ottawa, Ontario, K1A 0T6 (téléphone : (613) 951-4090) ou à l'un des centres de consultation régionaux de Statistique Canada :

Le produit n° 72-002-XPB au catalogue, est publié mensuellement sur version papier au coût de 32 \$ le numéro ou 320 \$ pour 12 numéros au Canada. À l'extérieur du Canada, le coût est de 32 \$ US le numéro ou 320 \$ US pour 12 numéros.

Faites parvenir votre commande à Statistique Canada, Division des opérations et de l'intégration, Gestion de la circulation, 120, avenue Parkdale, Ottawa (Ontario), K1A 0T6 ou commandez par téléphone au (613) 951-7277 ou au 1 800 700-1033, par télécopieur au (613) 951-1584 ou au 1 800 889-9734 ou par Internet : order@statcan.ca. Pour tout changement d'adresse, veuillez fournir votre ancienne et votre nouvelle adresse. Vous pouvez aussi vous procurer les publications de Statistique Canada auprès des agents autorisés, des librairies locales et des bureaux locaux de Statistique Canada.

Normes de service à la clientèle

Statistique Canada s'engage à fournir à ses clients des services rapides, fiables et courtois et dans la langue officielle de leur choix. À cet égard, notre organisme s'est doté de normes de service à la clientèle qui doivent être observées par les employés lorsqu'ils offrent des services à la clientèle. Pour obtenir une copie de ces normes de service, veuillez communiquer avec le centre de consultation régional de Statistique Canada le plus près de chez vous.

Note to users

Re-engineering the survey:

The Survey of Employment, Payrolls and Hours (SEPH) is currently in the final phase а major. multi-vear re-engineering project designed to improve estimates of the level of business payrolls and paid employment, and to reduce reporting burden on businesses. With the change in methodology, there is a risk that employment estimates from the administrative records may show a different seasonal pattern than the previous questionnaire data, which can only be assessed within the context of a longer time period. Statistics Canada continues to monitor these impacts and will help users interpret its data. To minimize impacts, it is recommended that SEPH data, particularly employment data, be used in the context of longer time periods or for detailed industry distributions.

For more information on the redesign, users can contact the SEPH dissemination unit at: (613) 951-4090.

Avis aux utilisateurs

Remaniement de l'enquête:

Le programme de l'Enquête sur l'emploi, la rémunération et les heures de travail (EERH) est actuellement dans la phase finale d'un proiet de remaniement important étalé sur plusieurs années. Ce proiet vise à améliorer les estimations de la rémunération brute des entreprises et du nombre de salariés, de même qu'à réduire le fardeau de réponse des entreprises. Étant donné ce changement méthodologique, les estimations de l'emploi mesurées à partir de données administratives peuvent montrer un modèle saisonnier différent de celui des données obtenues à l'aide de questionnaires, ce qui ne peut être déterminé que dans le contexte d'une période plus longue. Statistique Canada continue d'examiner ces répercussions et est disposé à aider les utilisateurs à interpréter correctement ses données. Les données de l'EERH (surtout celles sur l'emploi) doivent être utilisées dans le contexte d'une période plus longue afin de minimiser les répercussions; à cet égard, il est également possible d'obtenir la distribution détaillée des industries.

Pour de plus amples renseignements sur le remaniement, communiquez avec l'unité de diffusion au: (613) 951-4090.

Note of appreciation

Canada owes the success of its statistical system to a long-standing co-operation involving Statistics Canada, the citizens of Canada, its businesses, governments and other institutions. Accurate and timely statistical information could not be produced without their continued co-operation and goodwill.

Note de reconnaissance

Le succès du système statistique du Canada repose sur un partenariat bien établi entre Statistique Canada et la population, les entreprises, les administrations canadiennes et les autres organismes. Sans cette collaboration et cette bonne volonté, il serait impossible de produire des statistiques précises et actuelles. Notes Notes

Data for the current month are preliminary estimates and are subject to revision in the next issue of this publication.

Data contained in this publication (unless otherwise specified) are not seasonally adjusted.

Les données du mois le plus récent sont des estimations préliminaires et seront révisées lors de la prochaine parution de cette publication.

À moins d'avis contraire, les données paraissant dans cette publication sont non désaisonnalisées.

Symbols

The following standard symbols are used in Statistics Canada publications:

- .. figures not available.
- ... figures not appropriate or not applicable.
- nil or zero.
- -- amount too small to be expressed.
- p preliminary figures.
- r revised figures.
- x confidential to meet secrecy requirements of the Statistics Act

Signes conventionnels

Les signes conventionnels suivants sont employés uniformément dans les publications de Statistique Canada:

- .. nombres indisponibles.
- ... n'avant pas lieu de figurer.
- néant ou zéro
- nombres infimes.
- p nombres provisoires.
- r nombres rectifiés.
- x confidentiel en vertu des dispositions de la Loi sur la statistique relatives au secret.

Note on CANSIM

The data published in Employment, Earnings and Hours (Catalogue No. 72-002-XPB) are also available in machine readable form through CANSIM (Canadian Socio-Economic Information Management System). Users interested in accessing data via CANSIM should contact one of Statistics Canada's regional centres at the numbers listed on the inside front cover of this publication, or contact the Marketing division, Statistics Canada, R.H. Coats Building, Ottawa, Ontario, k1A 0T6 (613) 951-8200

Note concernant CANSIM

Les données qui sont publiées dans l'Emploi, gains et durée du travail (n° 72-002-XPB au catalogue) peuvent être obtenues sous forme lisible par machine de CANSIM (Système Canadien d'information socio-économique). Les utilisateurs voulant obtenir des chiffres par l'intermédiaire de CANSIM peuvent contacter un des centres de consultation de Statistique Canada dont les numéros de téléphone figurent à l'endos du couvert de cette publication ou en communiquant directement avec la division du marketing, Statistique Canada, Immeuble R.H. Coats, Ottawa, Ontario, K1A 0T6 (613)951-8200.

Design your own table

Design your own table to order Employment, Payrolls and Hours data in the detail you need it. All data collected by the survey can be custom tabulated to meet your particular data needs. A consultant will help you custom design your tabulation. Our office is open from 8:00 A.M. to 4:30 P.M..

Le papier utilisé dans la présente publication répond aux exigences minimales de l'"American National Standard for Information Sciences" - "Permanence of Paper for Printed Library Materials", ANSI Z39.48-1984.

Survey Overview

Aperçu de l'enquête

Note to readers

Modification to the survey:

Beginning in October 1997, employers with a total of \$12,000 or less per year in income tax withholdings, Canada/Quebec Pension Plan contributions and Employment Insurance premiums were allowed to make remittance to Revenue Canada on a quarterly basis. Accordingly, slight modifications to the survey methodology have been made and although quarterly remitters represent only a small fraction of total employment and payroll, estimates for both employment and earnings in the last quarter may be affected by this change in reporting procedures.

The monthly Survey of Employment, Payrolls and Hours is designed to measure the levels and month-to-month trends of payroll employment, paid hours and earnings. The data are compiled at detailed industrial levels for Canada, provinces and territories.

Methodology

Target population

The target population is composed of all employers in Canada, except those in agriculture, fishing and trapping, private households services, religious organizations and defence services. Conceptually, the SEPH reference period is the last seven days of the month, but the questionnaire asks respondents to report for the last pay period in the month.

The statistics contained in this publication are based on:

- a census of establishments within enterprises with a complex structure and having approximately 300 or more employees.
- *a census of administrative records having approximately 100 employees or more,
- *a sample of administrative records having approximately 99 employees or less.
- a sample survey (BPS) conducted to estimate the variables not reported on administrative records.
- *The administrative data come from 2 questions that were added to the Revenue Canada's remittance form (PD7). Note that employers who remit less than \$15,000 monthly need to remit only once a month while all others are allowed to remit twice or more monthly.

The total payroll employment estimates are derived by adding

Note aux lecteurs

Changement à l'enquête:

À partir d'octobre 1997, les employeurs ayant un maximum total de 12 000 \$ par année en retenues d'impôt, en contributions au fonds de pension du Canada, au Régime des rentes du Québec et en primes d'assurance-emploi, pouvaient faire des versements sur une base trimestrielle à Revenu Canada. En raison de ce changement de méthode de déclaration, des modifications mineures à la méthodologie d'enquête ont été apportées, ce qui pourrait affecter les estimations de l'emploi et des gains du dernier trimestre, même si les employeurs effectuant des versements trimestriels à Revenu Canada ne représentent qu'une fraction minime du total de l'emploi et de la rémunération.

L'enquête mensuelle sur l'emploi, la rémunération et les heures a pour objet de mesurer les niveaux et les tendances mensuelles de l'ensemble des salariés inscrits sur la liste de paye, des heures rémunérées et des gains. Ces données sont rassemblées à des niveaux détaillés selon l'activité économique pour le Canada, les provinces et les territoires.

Méthodologie

Population cible

La population cible comprend tous les employeurs au Canada sauf ceux des secteurs de l'agriculture, de la pêche et du piégeage, des services domestiques, des ménages, des organismes religieux et des services de la défense. En théorie, la période de référence de l'EERH correspond aux sept demiers jours du mois, mais les répondants doivent remplir le questionnaire en tenant compte de la dernière période de paye du mois.

Les statistiques comprises dans la présente publication sont fondées sur:

- un recensement d'établissements à l'intérieur d'entreprises ayant une structure complexe et comprenant approximativement plus de 300 salariés,
- *un recensement des dossiers administratifs comprenant approximativement 100 salariés ou plus,
- *un échantillon des dossiers administratifs comprenant approximativement 99 salariés ou moins,
- une enquête-échantillon (ERE) servant de base pour estimer les variables non rapportées sur les dossiers administratifs.

*Les données administratives proviennent de 2 questions qui ont été ajoutées au formulaire des retenues sur la paye (PD7) de Revenu Canada. Veuillez noter que les employeurs qui versent moins de 15 000 \$ par mois n'effectuent qu'un versement mensuelle tandis que les autres font 2 versements ou plus par mois.

Le nombre total de salariés inscrits sur la liste de paye est obtenu

up the employment data obtained by integrating two different sources, the Establishment survey and the Administrative records. However, processes are independent for the sample selection, data collection and estimation. The Establishment Survey accounts for about 35% of the total payroll employment, while the remaining portion is from Administrative records. The Business Payrolls Survey (BPS) is conducted monthly to collect data that is utilized in the calculation of ratios and regression coefficient needed to estimate data not reported on the administrative records. Combining different sources, BPS, Administrative Survey, and Establishment Survey results in the full range of SEPH variables.

TERMS AND DEFINITIONS

Industry classification: On the basis of its principal activity, each establishment is assigned an industry code according to the 1980 Standard Industrial Classification (SIC). A description of the various industries and groups of industries is contained in the "Standard Industrial Classification Manual", Catalogue 12-501-XPB. In the tables of this publication, a column is identified "S.I.C. Code" and corresponds to that manual. SEPH has 281 industry groups in scope. For analytical purposes, special groupings which are not part of the Standard Industrial Classification, have been created.

- a) Industrial aggregate (000-999) represents the sum of all the industries included in the survey. Since January 1994, employment estimates for the Industrial aggregate include the unclassified businesses.
- b) Unclassified businesses (000) represents businesses that have not yet been classified to an SIC, a province or a territory. Since January 1994, employment estimates for industrial aggregate includes the unclassified businesses.
- Goods-producing industries (041-449)(491-499) consist of the following industries; forestry, mining, manufacturing, construction and other utilities industries.
- d) Service-producing industries (451-484)(501-999) consist of the following industries; transportation, communication and storage, trade, finance and insurance, services (except religious organizations and private households) and public administration industries (except for defence services and other government services).
- e) Durable goods (39U) manufacturing consist of the following industries; wood (251-259), furniture and fixtures (261-269), primary metal (291-299), fabricated metal products (301-309), machinery (311-319), transportation equipment (321-329), electrical and electronic products (331-339) and non-metallic mineral products (351-359).
- f) Non-durable goods (37U) manufacturing consist of the following industries; food (101-109), beverage (111-114), tobacco (121-122), rubber products (151-159), plastic products (161-169), leather products (171), primary textile (181-183), textile products (191-199), clothing (243-249), paper and allied products (271-279), printing.

en additionnant l'emploi provenant de deux différents volets de l'enquête soit celui des enquêtes sur les établissements et celui des dossiers administratifs. Toutefois, les procédés sont distincts pour le choix de l'échantillon, la collecte des données et les estimations. L'enquête sur les établissements représente environ 35% du total des salariés inscrits sur les listes de paye, le reste provenant des dossiers administratifs. L'Enquête sur la rémunération auprès des entreprises (ERE) est effectuée chaque mois en vue de recueillir des données afin de calculer des ratios et des coefficients de régression, servant à estimer les données qui ne sont pas rapportées sur les dossiers administratifs. Ces différents volets soit l'ERE, les dossiers administratifs ainsi que l'enquête sur les établissements sont combinés en vue de produire toutes les variables propres à l'EERH.

TERMES ET DÉFINITIONS

Classement par activité économique: Un code d'activité économique tiré de la Classification type des industries de 1980 (CTI) est attribué à chaque établissement selon sa principale activité. Les industries et les différents groupes industriels sont décrits dans le manuel "Classification Type des Industries 1980" catalogue 12-501-XPB. Dans les tableaux de cette publication, une colonne est identifiée "CTI 1980". Ces codes correspondent à ce manuel. On compte 281 groupes d'activités visées par l'EERH. À des fins analytiques, nous avons créé des groupes spéciaux qui ne figurent pas dans la Classification type des industries.

- a) Ensemble des industries (000-999) représente la somme de toutes les industries visées par l'enquête. Depuis janvier 1994, l'emploi pour l'ensemble des industries comprend les entreprises non classifiées.
- b) Les entreprises non classifiées (000) représentent des entreprises n'ayant pas été identifiées à une classification industrielle, une province où un territoire. Depuis janvier 1994, l'emploi des entreprises non classifiées est compris dans l'ensemble des industries.
- Branche productrice de biens (041-449)(491-499) englobe les industries suivantes; forêts, mines, manufactures, construction et autres services publics.
- d) Branche productrice de services (451-484)(501-999) englobe les industries suivantes; transports, communications et entreposage, commerce, finances et assurances, services (sauf les organismes religieux et les ménages privés) et l'administration publique (excepté les services de la défense et autres services gouvernementaux).
- e) Biens durables (39U) des industries manufacturières englobe les industries suivantes; bois (251-259), meubles et articles d'ameublement (261-269), première transformation des métaux (291-299), fabrication des produits métalliques (301-309), machinerie (311-319), matériel de transport (321-329), produits électriques et électroniques (331-339) et produits minéraux non métalliques (351-359).
- f) Biens non durables (37U) des industries manufacturières englobe les industries suivantes; aliments (101-109), boisson (111-114), tabac (121-122), produits en caoutchouc (151-159), produits en matière plastique (161-169), cuir (171), première transformation du textile (181-183), produits textiles (191-199), habillement (243-249), papier et produits connexes (271-279),

publishing and allied (281-284), refined petroleum and coal products (361-369), chemical and chemical products (371-379) and other manufacturing industries (391-399).

- g) Commercial services (95U) consist of the following industries; business services (771-779), accommodation services (911-914), food and beverage services (921-922), amusement and recreational services (961-969), personal services (971-979), membership organization (982-986) and other service industries (991-999).
- Non-commercial services (94U) consist of the following industries; educational and related services (851-859) and health and social services (861-869).
- Banks (700) consist of the following industries; Central Bank (701), Chartered Banks and other banking-type intermediaries (702).
- j) Other amusement and recreational services (960) consist of the following industries; commercial spectator sports (964), gambling operations (966) and other amusement and recreational services (969).
- k) Public Administration (812-837) contains only the establishments engaged in activities that are governmental in character and those serving as internal service agencies of the public service. Government owned establishments primarily engaged in activities assigned to other industries are classified in those industries along with similar establishments owned by non-government bodies. Therefore, data included in this industry division do not represent the actual number of persons employed by government at any level.

Variables

Employee

The employment is derived by adding up data derived from two sources; the establishment survey and the administrative records. Since the data for the different employee categories are not reported on the administrative records, the BPS survey is conducted to estimate ratios needed to calculated those variables.

The survey determines an employee as being any person drawing pay for services rendered or for paid absences and for whom the employer must complete a Revenue Canada T-4 Supplementary Form.

The employee concept includes full-time employees, part-time employees (those who regularly work fewer hours than the standard work week of the establishment). It also comprises working owners, directors, partners and other officers of incorporated businesses.

The definition excludes owners or partners of unincorporated businesses, the self-employed, unpaid family workers, persons working outside Canada, military personnel and casual workers for whom a T-4 is not required. It also excludes those who did not receive any pay from the

imprimerie, édition et industries connexes (281-284), produits raffinés du pétrole et du charbon (361-369), produits chimiques (371-379) et autres industries manufacturières (391-399).

- g) Services commerciaux (95U) englobe les industries suivantes; services aux entreprises (771-779), hébergement (911-914), restauration (921-922), services de divertissements et loisirs (961-969), services personnels (971-979), associations commerciales (982-986) et autres industries de services (991-999).
- Services non commerciaux (94U) englobe les industries suivantes; services d'enseignement et services annexes (851-859) et services de soins de santé et services sociaux (861-869).
- Banques (700) englobe les industries suivantes; banque centrale (701) et banques à charte et autres intermédiaires de type bancaire (702).
- Services de divertissements et de loisirs (960) englobe les industries suivantes; sports commerciaux (964), loteries et jeux de hasard (966) et autres services de divertissements et de loisir (969).
- k) Administration publique (812-837) comprend seulement les établissements dont les activités ont un caractère essentiellement gouvernemental, et les organismes auxiliaires assurant les services internes de l'État. Les établissements publics dont l'activité dominante relève d'autres activités économiques sont classés sous les mêmes rubriques que les établissements privés semblables. Ainsi, les données publiées pour cette division économique ne représentent pas le nombre réel de personnes employées par les différents pouvoirs publics.

Variables

Salarié

L'emploi est obtenu en additionnant les données provenant de sources différentes; l'enquête sur les établissements et les dossiers administratifs. Toutefois les estimations pour les différents types d'emplois ne sont pas rapporter sur les dossiers administratifs, l'enquête ERE est effectuée en vue de recueillir des données afin de calculer les ratios servant à estimer ces variables.

L'enquête définit un employé comme étant: toute personne rétribuée pour ses services ou ses absences et pour laquelle l'employeur doit remplir une déclaration T-4 Supplémentaire de Revenu Canada.

Le terme "salarié" désigne les salariés à temps plein et à temps partiel (ceux qui travaillent régulièrement un nombre d'heures inférieur à la semaine normale de travail de l'entreprise). Il désigne aussi les propriétaires, administrateurs, associés et autres dirigeants actifs des entreprises constituées en corporation.

Le concept de salarié exclut les propriétaires et les associés des entreprises non constituées en corporation, les travailleurs autonomes, les travailleurs familiaux non rémunérés, les personnes travaillant à l'extérieur du Canada et le personnel militaire et les employés occasionnels dont l'employeur n'est pas tenu de remplir

employer for the entire survey reference period (e.g. persons on strike, persons on unpaid holidays, persons receiving remuneration from an insurance, Workmens' compensation or other related fund, etc.). However, employees paid for part of the reference period and unemployed or on strike for the rest of this period are included in the survey.

The employees are classified into the following categories:

 a) Employees paid by the hour: any employee whose basic wage is expressed as an hourly rate.

Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education industries, represent in this category *non-teaching staff:* All employees other than teachers and academic staff, for example; president, vice-president, librarian, registrar, bursar, accountant, guidance counsellor, laboratory technician, personnel officer and other services (janitor, caretaker, bus driver, etc.).

b) *Salaried employees: any employee whose basic remuneration is a fixed amount for at least one week. Although this variable is not included in this document, the data remains available.

Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education industries, represent in this category *teaching staft:* those classified as teachers, instructors or academics in the payroll records (e.g. principal, professor, dean, head of department, master, teacher, etc.) whether they teach during the day or evening. Supply or substitute teachers are excluded.

c) *Other employees: those employees whose basic remuneration is in the form of commissions, piece rates, mileage allowances, etc. Although this variable is not included in this document, the data remains available.

Employment for Elementary and Secondary (851), Post Secondary (852) and University (853) education industries, represent in this category *supply or substitute teachers*: teachers who are called in as needed either to augment existing staff or as short-term replacements for a full-time or part-time teachers.

Weekly Payrolls:

Weekly payrolls are defined as the portion of gross monthly payrolls that reflect work performed during the reference week. It represents the gross dollar value before deductions for income taxes, employment insurance contributions etc..., including regular pay, overtime and a portion of bonuses, commissions and other type of special payments. The payroll concept excludes dollar amounts that are taxable allowances and benefits, certain types of non-wage compensation as well as employer contributions to employment insurance,

la formule T4. Sont également exclus, les travailleurs n'ayant pas reçu de paye de leur employeur pendant la période de référence de l'enquête (c.-à-d. les personnes en grève, en congé non payé, les personnes recevant une rémunération aux termes d'un régime d'assurance, d'une caisse d'indemnisation des accidents au travail ou d'un régime analogue, etc.). Cependant, les travailleurs rémunérés pour une partie de la période de référence et en chômage ou en grève pour le reste de la période sont inclus dans l'enquête.

Les salariés sont classés dans les catégories suivantes:

 a) Salariés rémunérés à l'heure: tout salarié dont la rémunération de base est calculée selon un taux horaire.

L'emploi pour les industries d'enseignement élémentaire et secondaire (851), post secondaire (852) et universitaire (853), représente dans cette catégorie le *personnel non enseignant*: tous les salariés autres que le personnel enseignant, c'est-à-dire le président, le vice-président, le bibliothécaire, le secrétaire général, l'économe, le comptable, les orienteurs, les techniciens de laboratoire, les agents du personnel ainsi que les autres services (le concierge, pourvoyeur, chauffeur d'autobus, etc.)

b) *Employés: tout salarié dont la rémunération de base constitue une somme fixe versée pour au moins une semaine. Même si cette variable ne figure pas dans ce document, elle demeure disponible.

L'emploi pour les industries d'enseignement élémentaire et secondaire (851), post secondaire (852) et universitaire (853), représente dans cette catégorie le *personnel enseignant*: tout travailleur classé comme enseignant ou chargé de cours dans les dossiers du service de la paye (directeur, professeurs, doyens, chefs de département, maîtres, enseignants, etc.), qu'il enseigne le jour ou le soir. Les suppléants ou remplaçants sont exclus.

c) *Autres salariés: tout salarié dont la rémunération de base se présente sous forme de commissions, de salaire à la pièce, d'indemnités de millage, etc. Même si cette variable ne figure pas dans ce document, elle demeure disponible.

L'emploi pour les industries d'enseignement élémentaire et secondaire (851), post secondaire (852) et universitaire (853), représente dans cette catégorie le personnel *suppléants ou remplaçants*: enseignants appelés à se présenter au travail lorsqu'on a besoin de leurs services soit pour accroître le personnel existant, soit pour remplacer pendant une courte période un enseignant à temps plein ou à temps partiel.

Rémunération hebdomadaire brute:

La rémunération brute est définie comme étant la partie de la rémunération hebdomadaire brute qui reflète le travail accompli durant la semaine de référence. Ça représente la valeur brute en dollars avant les déductions pour l'impôt sur le revenu, les contributions à l'assurance-emploi etc..., incluant le salaire régulier, le surtemps et la partie bonis, commissions et tout autres types de paiements spéciaux. Le concept sur la rémunération, ne comprend pas les montants en dollars qui représentent des allocations et des avantages imposables, certains types d'indemnités non salariales

Canada/Quebec pension plans, provincial medical plans, workers compensation and other welfare plans. Some annual special payments are excluded while other lump sum special payments are adjusted to coincide with the reference week period. The payroll is derived by adding up data derived from two sources, the Establishment survey and the Administrative records.

Average weekly earnings for all employees:

Average weekly earnings are derived by dividing total weekly payrolls by the payroll employment.

Average weekly hours for employees paid by the hour and standard work week for salaried employees:

Average weekly hours are obtained by dividing the total paid weekly hours for employees paid by the hour by the number of employees paid by the hour. Total paid hours are defined as all hours paid including overtime hours plus hours of paid absence. Although the standard work week for salaried employees is not included in this document, this data remains available.

Average hourly earnings (including overtime) for employees paid by the hour:

Is obtained by dividing the total weekly payrolls for employees paid by the hour by the total number of weekly hours for employees paid by the hour. Average hourly earnings are calculated for the hourly-rated employees and for the *salaried employees.

*For information, contact the Labour Division (613) 951-4090.

ainsi que les cotisations patronales à l'assurance-emploi, au régime de pension du Canada ou au Régime des rentes du Québec, aux régimes d'assurance-maladie provinciaux, aux caisses d'indemnisation des accidents du travail et à d'autres régimes de prévoyance. Les paiements annuels spéciaux sont exclus tandis que les paiements forfaitaires spéciaux sont rajustés de façon à coïncider avec la semaine de référence. La rémunération brute est obtenue en additionnant les données provenant de sources différentes soit l'enquête sur les établissements et les dossiers administratifs.

Rémunération hebdomadaire moyenne pour l'ensemble des salariés:

La rémunération hebdomadaire moyenne est calculée en divisant la masse salariale brute imposable par le nombre de salariés inscrits sur la liste de paye.

Heures hebdomadaires moyennes pour les salariés rémunérés à l'heure et la semaine normale de travail des employés:

Les heures hebdomadaires moyennes sont calculées en divisant le nombre total d'heures hebdomadaires rémunérées des salariés rémunérés à l'heure par le nombre de salariés rémunérés à l'heure. Le nombre total d'heures rémunérées est défini comme étant toutes les heures payées y compris les heures supplémentaires et les heures d'absence payées. Même si le nombre d'heures dans une semaine normale de travail ne figure pas dans ce document, ces données demeurent disponibles.

Rémunération horaire moyenne (incluant le temps supplémentaire) des salariés rémunérés à l'heure:

La rémunération horaire moyenne est calculée en divisant la rémunération hebdomadaire brute des salariés rémunérés à l'heure par le nombre d'heures travaillées de ces même salariés. La rémunération horaire moyenne est calculée à l'égard des salariés rémunérés à l'heure et des *employés.

*Pour obtenir plus d'information, veuillez contacter la division du travail au (613) 951-4090.

Highlights

The return to work of Canada Post employees accounted for most of the estimated 50,000 increase in the total number of employees on business payrolls in December.

For the year, payroll employment increased steadily through the year as employers added an estimated 429,000 employees to company payrolls.

Faits Saillants

L'augmentation estimée de 50 000 salariés sur les listes de paye des entreprises en décembre reflétait en presque totalité le retour au travail des salariés de la société canadienne des postes.

Au cours de la dernière année, l'emploi dans les entreprises a augmenté d'environ 429 000, s'accroissant de façon constante.

Employment, Earnings and Hours December 1997 (preliminary) Seasonally adjusted

Growth in average weekly earnings continued to be moderate in December, rising 0.2% to \$601.79. Compared with one year ago, average earnings increased by 1.0%. There were significant variations in earnings growth between industries. In the past year, average earnings declined for employees working in education, health and social services and public administration, reflecting ongoing public sector budget restraints. Employees working in mining, wholesale trade and finance, insurance and real estate realized increases in average earnings of more than 3%.

Average weekly hours for hourly paid employees fell 0.7% to 31.0 hours in December, virtually unchanged from December 1996 levels. Overtime hours fell more sharply (-25%) during the past year as businesses increased employment levels.

The return to work of Canada Post employees accounted for most of the estimated 50,000 increase in the total number of employees on business payrolls in December. In other industries, employers in durable goods manufacturing and mining, quarrying and oil wells also added to company payrolls, while there were slight reductions in forestry, retail, finance and public administration.

The return to work of Canada Post employees accounted for most of the estimated 50,000 increase in the total number of employees on business payrolls in December. /

L'augmentation estimée de 50 000 salariés sur les listes de paye des entreprises en décembre reflétait en presque totalité le retour au travail des salariés de la société canadienne des postes. Emploi, gains et durée du travail Décembre 1997 (données provisoires) Données désaisonnalisées

La croissance modérée de la rémunération hebdomadaire moyenne s'est poursuivie en décembre, augmentant de 0,2% pour atteindre 601,79\$. La rémunération hebdomadaire moyenne a augmenté de 1,0% par rapport à décembre 1996. Cette croissance n'a pas été répartie également dans tous les secteurs économiques. Au cours de la dernière année, des baisses de la rémunération ont été enregistrées dans les secteurs de l'éducation, des services de soins de santé et des services sociaux, de même qu'au sein des administrations publiques, reflétant ainsi la continuation des restrictions budgétaires du secteur publique. Des augmentations de plus de 3% de la rémunération hebdomadaire moyenne ont été enregistrées pour les salariés des secteurs des mines, du commerce de gros ainsi que de la finance, des assurances et des affaires immobilières.

En décembre, le nombre d'heures hebdomadaires moyennes des salariés rémunérés à l'heure a baissé de 0,7%, pour atteindre 31,0, demeurant pratiquement inchangé par rapport à décembre 1996. Le total des heures supplémentaires a chuté de façon importante au cours de la dernière année (-25%), à la suite de l'augmentation du nombre de salariés des entreprises.

L'augmentation estimée de 50 000 salariés sur les listes de paye des entreprises en décembre reflétait en presque totalité le retour au travail des salariés de la Société canadienne des postes. Le nombre de personnes sur les listes de paye des entreprises des secteurs des biens durables, des industries manufacturières et des mines, carrières et puits de pétrole s'est également accru, tandis que l'exploitation forestière, le commerce de détail, la finance et l'administration publique ont enregistré de légères diminutions d'emploi.

For the year, payroll employment increased steadily through the year as employers added an estimated 429,000 employees to company payrolls. Increases were widespread across most industries with the exception of construction, education and public administration. The strongest gains were in manufacturing industries and wholesale and retail trade and were coincident with increases in shipments and sales.

Au cours de la dernière année, l'emploi dans les entreprises a augmenté d'environ 429 000 s'accroissant de façon constante. Les augmentations ont été réparties dans la plupart des secteurs d'activité, à l'exception de la construction, de l'éducation et de l'administration publique. Les secteurs ayant le plus contribué à ces gains d'emploi ont été les industries manufacturières ainsi que le commerce de gros et le commerce de détail, coïncidant ainsi avec les hausses des livraisons et des ventes.

Estimations désaisonnalisées de l'emploi, pour l'ensemble des salariés, pour une sélection d'industries, Canada, provinces et territoires, (1993-1997).

Employment increased in December by 50,139 to 11,498,944. The rise was due in part to the return of striking postal employees. In the past year, businesses have added 429,000 employees.

En décembre, l'emploi a augmenté de 50 139 pour s'établir à 11 498 944. Cette augmentation est due au retour au travail des grévistes de la société des postes. Le nombre de salariés a augmenté de 429 000 durant la dernière année.

Tableau 2

Seasonally Adjusted Estimates of Average Weekly Earnings, for All Employees, for Selected Industries, Canada, Provinces and Territories, (1993-1997).

Estimations désaisonnalisées de la rémunération hebdomadaire moyenne, pour l'ensemble des salariés, pour une sélection d'industries, Canada, provinces et territoires, (1993-1997).

Average weekly earnings increased to \$601.79 from \$600.32 or 0.24% in December. The month-to-month increase was notable in finance, insurance and real estate, construction, mining, quarrying and oil wells and manufacturing. Since January, there has been an increase of \$4.83 or 0.8% and is reflected entirely in the goods producing industries in all provinces.

En décembre, la rémunération hebdomadaire moyenne est passée de 600,32\$ à 601,79\$, soit une augmentation de 0,24%. La variation mensuelle était plus importante dans le secteur des finances, assurances et affaires immobilières, la construction, les mines, carrières et puits de pétrole ainsi que dans le secteur manufacturier. Depuis janvier, la rémunération s'est accrue de 4,83\$, soit une augmentation de 0,8%. Cette hausse s'est entièrement reflétée dans la branche productrice de biens, dans toutes les provinces.

Tableau 3

Fixed-weighted Indexes (1986=100) of Average Hourly Earnings, for All Employees, for Selected Industries, Canada, Provinces and Territories, (1993-1997).

Indices à pondération fixe (1986=100) de la rémunération horaire moyenne, pour l'ensemble des salariés, pour une sélection d'industries, Canada, provinces et territoires, (1993-1997).

The annual growth rate of the fixed-weighted-index increased substantially in December compared to November. The year-over-year growth rate accelerated to 0.8% from -0.1% in November. Industries contributing to this strong growth include manufacturing, wholesale trade, business services and miscellaneous services.

Comparativement à novembre, le taux de croissance annuel de l'indice à pondération fixe s'est accru considérablement en décembre. Le taux de croissance annuel est passé de -0,1% en novembre à 0,8% en décembre. Les industries manufacturières, le commerce de gros, les services aux entreprises ainsi que les services divers ont contribué le plus à cette forte hausse.

Tableau 6

Estimates of Employment, Average Hourly Earnings and Hours, for Employees Paid by the Hour, by Industry, Canada, Provinces and Territories. Estimations de l'emploi, de la rémunération horaire moyenne et des heures, pour les salariés rémunérés à l'heure, par industrie, Canada, provinces et territoires.

In December, average weekly hours (including overtime) for hourly paid employees were 30.3, a decrease of 1.0% since December 1996. The largest year-over-year provincial drop was in New-Brunswick, where workers hours decreased 2.2% to 31.4. Saskatchewan hourly employees worked the fewest hours, averaging 28.3, virtually unchanged from a year ago.

En décembre, les heures hebdomadaires moyennes (incluant le temps supplémentaire), pour les salariés rémunérés à l'heure étaient de 30,3, soit une baisse de 1,0% depuis décembre 1996. Au niveau provincial, les baisses annuelles les plus importantes ont eu lieu au Nouveau-Brunswick, où les heures travaillées ont diminué de 2,2%, pour s'établir à 31,4. C'est en Saskatchewan que les salariés ont travaillé le moins d'heures, moyennant 28,3 heures, c'est-à-dire peu de changement par rapport à l'année précédente.

imployment, Earnings and Hours, 1997 tatistics Canada - Cat. No. 72-002-XPB

Tableau 7

Estimates of Employment, Average Hourly Earnings and Hours, for Salaried Employees, by Industry, Canada, Provinces and Territories. Estimations de l'emploi, de la rémunération horaire moyenne et des heures, pour les employés (à salaire fixe), par industrie, Canada, provinces et territoires.

The average weekly earnings (including overtime), for salaried employees in December was \$775.17, an increase of 1.6% over December 1996. Salaried employees in mining, quarrying and oil wells had the highest average weekly earnings at \$1,357.17 whereas those in trade earned the lowest, averaging \$675.39 a week.

En décembre, la rémunération hebdomadaire moyenne (incluant le temps supplémentaire) pour les employés s'établissait à 775,17\$, soit une augmentation de 1,6% par rapport à décembre 1996. Les employés dans les mines, carrières et puits de pétrole ont reçu la rémunération hebdomadaire moyenne la plus élevée soit 1 357,17\$ par semaine alors que leurs homologues dans le commerce enregistraient la rémunération la moins élevée, c'est-à-dire 675,39\$ par semaine.

Establishment: is a survey based on a census of establishment (questionnaires sent on a monthly basis).

Administrative data: data derived from the monthly payroll deduction forms (PD7 forms) from Revenue Canada. There are two types of payroll deduction (PD) accounts.

- PD7A refers to monthly remitters (small businesses reporting once a month.
- TM refers to accelerated remitters (medium and large businesses reporting more than once a month).

Établissement: est une enquête basée sur un recensement d'établissements (questionnaires envoyés mensuellement).

Données administratives: données provenant des formulaires de retenue sur la paye (formulaires PD7) de Revenu Canada. Il existe deux genres de comptes de retenues sur la paye (RP).

- PD7A se rapporte aux remises mensuelles (petites entreprises effectuant une remise par mois).
- TM se rapporte aux remises accélérées (moyennes et grandes entreprises effectuant plus d'une remise par mois).

Connected

Up-to-date and complete, IPS is a fully searchable listing of all current Statistics Canada publications, research papers, electronic products and services. It is the most extensive reference source available on all of Statistics Canada's information assets.

As part of our World Wide Web site, the IPS connects users to more than 2,000 entries documenting the full range of Statistics Canada products and services. With IPS, you find what you want, when you want it. Whether you're searching for the latest census information, health sector tables or news-breaking economic reports, IPS has it listed.

Not sure exactly what you're looking for? No problem! IPS features a powerful search tool that locates thematically related products and services in a matter of seconds. Just type in the word that fits best and the system will point you to the sources where information is available. It's that easy.

YOUR INTERNET ACCESS ROUTE TO STATISTICS CANADA DATA

To start your search, go to "Products and Services" and then click on "Catalogue". Simple on-screen directions will guide you along.

As you will see, IPS provides you with key information on Statistics Canada releases: who to contact for customized data retrievals, what you can download either free of charge or at cost, and how you can obtain what you see listed on-screen. IPS also highlights time-saving features of the products and services we sell from our nine reference centres across Canada. It's the kind of information you need most when making those important purchase decisions.

The Statistics Canada Web Site "is full of interesting facts and figures. There is no better place to get the big picture on the Canadian economy."

David Zgodzinski

Visit our Web site TODAY and discover how easily IPS can work for you.

Branchez-VOUS

produits et services (IPS). À jour et complet, IPS offre une liste détaillée et facile à consulter des documents de recherche, produits électroniques, services et publications actuels de Statistique Canada. Il constitue la source de référence la plus complète sur les fonds d'information de l'agence.

Accessible à partir de notre site Web, IPS relie les utilisateurs à plus de 2 000 entrées décrivant la gamme complète des produits et services de Statistique Canada et leur permet de trouver ce qu'ils cherchent au moment où ils en ont besoin. Quelle que soit l'information recherchée, renseignements du plus récent recensement, tableaux sur le secteur de la santé ou rapports d'actualité sur l'économie, vous la trouverez dans IPS.

Vous ne savez pas exactement ce que vous cherchez? Aucun problème! IPS offre un outil de recherche puissant qui permet de repérer en quelques secondes les produits et services associés à un thème particulier. Il suffit de taper le mot qui décrit le mieux l'information recherchée pour que le système vous indique les sources où elle figure. C'est tout aussi simple que cela.

VOTRE CHEMIN D'ACCÈS INTERNET VERS LES DONNÉES DE STATISTIQUE CANADA

Pour commencer votre recherche, choisissez «Produits et services» puis cliquez sur «Catalogue». Des directives simples à l'écran vous aideront à naviguer.

Vous constaterez que IPS offre des renseignements essentiels sur les produits offerts par Statistique Canada: personne-ressource pour l'adaptation des extractions de données, ce que vous pouvez télécharger gratuitement ou moyennant des frais, comment obtenir les produits ou services qui figurent dans la liste à l'écran. IPS vous fait aussi gagner du temps en vous présentant les points saillants des produits et services vendus dans nos neuf centres de consultation au Canada. C'est le genre d'information essentielle dont vous avez besoin pour prendre des décisions d'acquisition importantes.

Le site Web de Statistique Canada «regorge de faits et chiffres intéressants. Aucune autre source n'offre une meilleure perspective globale sur l'économie canadienne.»

Keep your finger on the pulse with Canadian Social Trends!

most popular periodicals for more than 10 years, *Canadian Social Trends* brings you clear, topical coverage on the critical issues and pertinent trends that affect you and your organization.

This colourful, best-selling quarterly transforms data from over 50 national surveys into information you can use — all in an easy-to-read magazine format supported by numerous charts, tables and graphs. It features key topics of major importance such as the employment of people with disabilities, children in low-income families, care-giving to seniors, emerging trends in computer use, and much, much more.

Thousands of educators, business and policy analysts, social-science professionals and academics refer to *Canadian Social Trends* regularly. Subscribing today will help you to:

- keep track of significant social developments
- evaluate social conditions
- plan new programs or services
- formulate funding proposals, and
- prepare reports that address your organization's policies!

Subscribe today! You won't want to miss a single issue!

For only \$36 (plus GST and applicable PST or applicable HST) annually in Canada and US\$36 outside Canada!

To order *Canadian Social Trends* (cat. no. 11-008-XPE), write to Statistics Canada, Operations and Integration Division, Circulation Management, 120 Parkdale Ave., Ottawa, Ontario, K1A OT6 Canada or contact the nearest Statistics Canada Reference Centre listed in this publication.

If more convenient, fax your order to 1-800-889-9734 or call toll-free 1-800-267-6677 and use your VISA or MasterCard. Via Internet: order@statcan.ca.

Prenez le pouls de la société... ... avec l'endances sociales canadiennes!

l'une des revues les plus populaires de Statistique Canada. Elle vous renseigne clairement sur les sujets d'actualité, les enjeux et les tendances qui vous touchent, vous et votre organisation.

Chaque trimestre, ce best-seller résume les données d'une cinquantaine d'enquêtes nationales. Bien illustrée, facile à lire et étayée de nombreux tableaux, graphiques et diagrammes, la revue traite de sujets de grande importance, comme l'emploi des personnes ayant une incapacité, les enfants des familles à faible revenu, les soins apportés aux personnes agées et les tendances de l'utilisation de l'ordinateur.

Tendances sociales canadiennes compte des milliers de lecteurs fidèles : enseignants, analystes des affaires et des politiques, spécialistes des sciences sociales et universitaires. En vous y abonnant aujourd'hui, vous pourrez :

- suivre les faits saillants de l'évolution de la société
- évaluer la conjoncture sociale
- planifier de nouveaux programmes ou services
- formuler des propositions de financement, et
- préparer des rapports à l'appui des politiques de votre organisation!

Abonnez-vous aujourd'hui! Vous ne saurez vous passer d'un seul numéro!

Il en coûte seulement 36 \$ par année (TPS et TVP en sus ou TVH, s'il y a lieu) au Canada et 36 \$ US à l'extérieur du Canada!

Pour commander *Tendances sociales canadiennes* (n° 11-008-XFF au catalogue), écrivez à Statistique Canada, Division des opérations et de l'intégration, Gestion de la circulation, 120, av. Parkdale, Ottawa (Ontario) Canada K1A 0T6. Ou dans votre région, communiquez avec le Centre de consultation de Statistique Canada (voir la liste figurant dans la présente publication).

Par télécopieur, le numéro est le 1-800-889-9734. Ou composez le 1-800-267-6677 et faites porter les frais à votre compte VISA ou MasterCard. Adresse électronique : order@statcan.ca. Supplement your print data with
